Bodies Out of Bounds Jana Evans Braziel, Kathleen LeBesco, 2001-09-13 This is an exceptional collection the subject is of obvious importance yet terribly undertheorized and unexamined I know of no other work that offers what this collection provides Marcia Millman author of *Such a Pretty Face Being Fat in America* A valuable contribution to scholarly debates on the place of excessive bodies in contemporary culture This book promises to enrich all areas of inquiry related to the politics of bodies Carole Spitzack author of *Confessing Excess Women and the Politics of Body Reduction* This anthology includes a wide range of perceptive and original essays which explore and analyze the underlying ideologies that have made fat incorrect Echoing the spirit of the nineteenth century adage about children who should be neither seen nor heard some of the authors powerfully remind us that we keep bodies out of bound silenced and unseen unless of course we need to peek at the comic or grotesque Raquel Salgado Scherr co author of *Face Value The Politics of Beauty* Through textual analyses video film analyses television theory and literary theory this collection demonstrates the various ways in which dominant representations of fat and corpulence have been both demonized and rendered invisible This volume will be a crucial corollary to work on the tyranny of slenderness a collection of different perspectives on the fat body is sorely missing in women s studies communication and media studies Sarah Banet Weiser author of *The Most Beautiful Girl in the World Beauty Pageants and National Identity*

Indigenous Transnationalism Lynda Ng, 2018-11-01 After Aboriginal author Alexis Wright s novel *Carpentaria* won the Miles Franklin Award in 2007 it rapidly achieved the status of a classic The novel is widely read and studied in Australia and overseas and valued for its imaginative power its epic reach and its remarkable use of language *Indigenous Transnationalism* brings together eight essays by critics from seven different countries each analysing Alexis Wright s novel *Carpentaria* from a distinct national perspective Taken together these diverse voices highlight themes from the novel that resonate across cultures and continents the primacy of the land the battles that indigenous peoples fight for their language culture and sovereignty a concern with the environment and the effects of

pollution At the same time by comparing the Aboriginal experience to that of other indigenous peoples they demonstrate the means by which a transnational approach can highlight resistance to or subversion of national prejudices **Rethinking Oral History and Tradition** N^epia Mahuika,2019-10-09 Indigenous Oral History explores a specific indigenous community approach to oral history It compares and contrasts popular definitions and practices used by both oral historians and oral traditionalists examining whether or not each resonates with indigenous perspectives regarding the form methods theories and politics of oral history 'My Mother was the Earth, My Father was the Sky' Nadia Majid,2010 This study brings together three closely related aspects of Maori literature myth memory and identity It examines selected novels by Witi Ihimaera and Patricia Grace in order to trace an ever developing Maori identity that has changed considerably over three decades of the Maori novel This book demonstrates that an investigation of the construction of identity in literature benefits from a close look at the importance of Maori mythology as well as associated cultural and individual memories Indicating that Maori fiction has become what Homi Bhabha terms a third space this book verifies the links between novel myth and memory with the help of existing research in these areas in order to assess their importance for the reinterpretation of identity The Maori novels that depict situations reflecting current issues are viewed as an experimental playground in which authors can explore a variety of solutions to tribal societal and political issues This study establishes the early novels as reinterpretations of the past and guides to the future and characterises the more recent novels as representing a move towards empowerment and pioneering that has not yet come to a conclusion Movies, Miniseries, and Multiculturalism Lillian Comas-Díaz,Rehman Abdulrehman,Danny Wedding,2025-07-28 Movies Miniseries and Multiculturalism invites readers on a journey to understand culture using stories from film and television Highlighting hundreds of compelling examples this thought provoking book explores issues of cultural identity prejudice social justice and the challenges and opportunities associated with life in the increasingly multicultural societies of our globalized world Perfect for students of multicultural psychology socially conscious professionals and film and television buffs it offers insightful reflections and discussion questions that deepen the understanding of cultural diversity Human behavior is shaped by culture s and this book shows how films and television can enlighten us foster personal growth and increase cultural awareness all while being entertaining
