Island Time Jessica Swanston Baker, 2024-10-04 A close look at how wylers a popular musical style from the island of St Kitts and Nevis expresses a unique mode of relation in the postcolonial Caribbean In *Island Time* ethnomusicologist Jessica Swanston Baker examines wylers a musical form from St Kitts and Nevis that is characterized by speed Baker argues that this speed becomes a useful and highly subjective metric for measuring the relationship between Caribbean aspirations and the promises of economic modernity women's bodily autonomy and the nationalist fantasies that would seek to curb that autonomy and the material realities of Kittitian Nevisian youth living in the disillusionment following postcolonial independence She traces the wider Caribbean musical cultural and media based resonances of wylers posing an alternative model to scholarship on Caribbean music that has tended to privilege the big islands Trinidad Jamaica and Haiti thus neglecting not only the unique cultural worlds of smaller nations but also the unbounded nature of musical exchange in the region The archipelago emerges as a useful model for apprehending the relationality across scales that governs the temporal and spatial logics that undergird Caribbean performance The archipelago and its speeds ultimately emerge as a meaningful medium for postcolonial postmodern world making

The Pentecostal Gender Paradox Joseph Lee Dutko, 2023-11-16 The distinct subjects of eschatology and gender equality have seen an explosion of interest in recent decades particularly within Pentecostal scholarship Pentecostalism is regarded ideally as both an eschatological and egalitarian movement However many Pentecostals have lamented the inconsistency between the early egalitarian impulse of the movement and its current restrictive practices This situation has been described as the so called Pentecostal gender paradox referring to the conflicting freedoms and limitations experienced by Pentecostal women Pentecostals have also recognized the waning eschatological fervor within the movement and its shifting eschatological convictions leading to calls to rediscover the eschatological heart of the movement Despite the renewed interest in both eschatology and women s equality little research has been done to put these two areas into conversation with each other eschatological convictions are often absent in the debate on gender roles in the church For Pentecostals eschatology has often been about urgency in saving souls rather than attending to social issues but could Pentecostal eschatology be the key to re discovering greater equality for women in the church Is the waning of both eschatology and women s equality within Pentecostalism potentially interrelated For over one hundred years the role of women in Pentecostalism has been debated without a firm consensus By examining gender solely through an eschatological lens in history Scripture and praxis this work provides a valuable and creative contribution to one of the most important theological and global issues of our time women s in equality This book is also one of the first comprehensive studies to approach a single social issue solely through an eschatological lens and to provide attention to developing a thorough and methodologically connected eschatological praxis By uncovering the unified eschatological egalitarian narrative thread within both the Pentecostal and biblical story this work suggests that the present end of women s inequality begins with fidelity to the future eschaton of gender equality
