**Tested Writing Methods** Mike Murach,2023-09-21 This book takes a top down approach to writing that will teach you all the writing methods that you need for success on the job What s hard to believe is that most of these methods aren t taught in high school or in college or in other books on writing In chapters 1 and 2 for example you ll learn how to use headings and subheadings to guide your readers and plan what you re going to write That s a critical skill for any document of two pages or more but you won t find anything about headings in most writing books In chapter 3 you ll learn how to write paragraphs that deliver one fully developed idea at a time That too is a critical skill because the paragraph is the primary unit of composition But most writing books have precious little to say about paragraphing On the other hand most writing books tell you far more than you need to know about writing sentences In contrast chapter 4 of this book uses a unique top down approach to show you how to write sentences that are easy to read and understand That way you can start with the skills that matter the most and then refine those skills one level at a time Chapters 5 and 6 continue this top down approach to writing With those skills in your skillset you re ready for chapter 7 It shows you when and how to use writing tools like ChatGPT that are driven by Artificial Intelligence As you will see these are powerful new tools but you need all the other skills in this book to get the most from them Last chapters 8 9 and 10 show you how to use the Microsoft Word features for writers templates styles the outline feature and the spelling and grammar checker If you don t already use these features you ll be glad you discovered them And if you don t already use Microsoft Word these chapters will show you why you should

*HBR Guide to Being More Productive (HBR Guide Series)* Harvard Business Review,2017-06-27 Productivity starts with you Every day begins with the same challenge too many tasks on your to do list and not enough time to accomplish them Perhaps you tell yourself to just buckle down and get it all done skip lunch work a longer day Maybe you throw your hands up recognize you can t do it all and just begin fighting the biggest fire or greasing the squeakiest wheel And yet you know how good it feels on those days when you re working at peak productivity taking care of difficult and meaty projects while also knocking off the smaller tasks that have been hanging over your head forever Those are the times when your day didn t run you you ran your day To have more of those days more often you need to discover what works for you given your strengths your preferences and the things you must accomplish Whether you re an assistant or the CEO whether you ve been in the workforce for 40 years or are just starting out this guide will help you be more productive You ll discover different ways to Motivate yourself to work when you really don t want to Take on less but get more done Preserve time for your most important work Improve your focus Make the most of small pockets of time between meetings Set boundaries with colleagues

without alienating them Take time off without tearing your hair out Arm yourself with the advice you need to succeed on the job with the most trusted brand in business Packed with how to essentials from leading experts the HBR Guides provide smart answers to your most pressing work challenges *HBR Guide to Building Your Business Case* Raymond Sheen,Amy Gallo,2015 You ve got a great idea that will increase revenue or productivity but how do you get approval to make it happen By building a business case that clearly shows its value Maybe you struggle to win support for projects because you re not sure what kind of data your stakeholders will trust or naysayers always seem to shoot your ideas down at the last minute Or perhaps you re intimidated by analysis and number crunching so you just take a stab at estimating costs and benefits with little confidence in your accuracy To get any idea off the ground at your company you ll have to make a strong case for it This guide gives you the tools to do that **The Art and Science of Effective and Impactful Business Communication for Managers** Karminder Ghuman,2024-09-16 Though we all communicate yet effective communication is not an innate skill for many people It has to be learned and practiced This book has been designed to meet postgraduate management students requirements and equip them with the skills needed for effective workplace communication emphasizing strategies for business interactions It shall impart learning on core principles of business communication and shall provide practical guidelines regarding how to communicate effectively and impactfully in the complex and nuanced corporate world The book shall provide an in depth understanding of communication practices prevalent in business organisations with the aim of preparing students for their future roles in the corporate world Every chapter has been designed in a manner to provide a tool strategy or approach that can further enhance the effectiveness of the communication of readers for contributing towards their success while working at a business organisation It also covers the new age digital communication competencies employees need in today s highly dynamic and hybrid working environment **HBR Guides to Being an Effective Manager Collection (5 Books) (HBR Guide Series)** Harvard Business Review,Bryan A.
