Perimenopause Dr Anna Garrett, 2019 Perimenopause What I m way too young If you re suddenly struggling with weight gain insomnia irregular bleeding or flooding mood swings and relationship challenges perimenopause may be knocking at your door And there s more Burning tongue itchy skin electric shock feelings Yes these can be part of perimenopause too Women are inundated with information on how to have healthy happy pregnancies but we get left out on the opposite end of the reproductive spectrum That stops now In this entertaining information packed empowering book Dr Anna Garrett shares everything you need to know about your body and how to care for it to create hormone harmony Here are just a few of the things you ll learn Perimenopause can start as young as 35 Why perimenopause is very different from menopause How you CAN balance your hormones and find symptom relief Why you re not going crazy Tips for creating a healthcare team that gets you the care you deserve Dr Anna offers realistic holistic solutions for diet challenges sleep stress reduction supplements and more in her savvy sister s guide Perimenopause is a revolutionary book focused on giving you the tools to navigate this transition with grace and ease so you

can rock your mojo through midlife and beyond You can learn to make perimenopause an initiation into the wise woman s years worthy of celebration and discovery rather than something to dread I highly recommend this book Lissa Rankin MD OB GYN physician and New York Times bestselling author of Mind Over Medicine At last this is the perimenopause manual we have all longed for Dr Anna explains it all in a way that feels neither demeaning nor overly scientific She provides solutions suggestions and actual steps to take to regain control of our moods our bodies our lives From lifestyle tweaks to supplement suggestions every page brings awareness and hope It s my current bedside read right before I drift off into truly restorative sleep Thank you Dr Anna Sheree Clark Midlife Courage Coach Fork in the Road Dr Anna is the unequivocal authority in helping women including me navigate perimenopause and menopause Trust me it IS possible to come out on the other side better than ever Dr Anna offers her guidance with humor wit and compassion Jill Grunewald FMCHC author of the best selling Essential Thyroid Cookbook and creator of the Reversing Alopecia program There simply is not enough quality information available to women on perimenopause Thankfully Dr Anna Garrett is changing all that Get your midlife health education from someone who has worked with hundreds thousands of women one on one to balance their hormones tweak their lifestyles and most importantly set them up to live their healthiest lives This is a book you ll want to refer to again and again throughout your journey and then share it with all your girlfriends Shirley Weir founder Menopause Chicks and author of MOKITA How to navigate perimenopause with confidence and ease *Recover Quickly From Surgery* Dr. Valerie Girard,Michelle K. Gysan,2013-12-12 Are you facing back knee surgery hip replacement plastic cosmetic surgery a hysterectomy or other kind of surgery Want to heal faster improve your surgery recovery by reducing pain swelling and downtime Read this book first This 2014 clinically researched guide covers every aspect of preparing and recovering faster from surgery naturally with less pain and swelling Learn effective natural pain management options that can assist you in weaning off pain medication sooner understand which foods and supplements NOT to consume before surgery learn how to care for your incision to reduce scarring learn the Recover Quickly Diet and nutritional supplementation clinically shown to shorten recovery time learn how to reduce risks of infection and complications by enhancing your immune system prior to your surgery access key questions for your surgeon access the complete list of essential items to bring to the hospital how to detoxify from anesthesia learn meditative exercises to relax you before and after surgery manage the stress and emotions around surgery and much more Ultimately this book will assist you in living a healthier life after surgery Dr Girard a chiropractor for nearly thirty years has successfully counseled hundreds of patients to prepare for surgery by adhering to a specific diet and nutritional protocols that can decrease swelling pain and recovery time Dr Girard s key guide to surgical preparation is supported by a vast amount of recent clinical research supporting the effectiveness of many of these specific natural protocols A quick informative and easy read this guide can make your life easier **Healing Emotional Eating for Trauma Survivors** Diane Petrella,2023-09-01 More and more studies show a distinct link between emotional eating and

trauma This book offers a trauma informed approach to overcoming emotional eating through mindfulness self compassion and neuroscience principles With this gentle guide readers will come to understand the emotional weight of their trauma and cultivate a healthier relationship with their emotions food and bodies *Trick Yourself to Sleep: 222 Ways to Fall and Stay Asleep from the Science of Slumber* Kim Jones, 2020-05-12 222 Ways to a Better Night and Brighter Morning Poor sleep can wreak havoc on your waking life leaving you grumpy and unwell But when you re staring at the ceiling counting sheep worried that sleep may never come what can you do Well Trick Yourself to Sleep with 222 simple strategies and creative tips all scientifically backed Cover up clocks stop stressing over every restless minute Eat two kiwis their folates and antioxidants aid sleep Stick out your tongue this releases tension in the jaw Try a weighted blanket it s like giving your nervous system a hug Make a list and then set those to dos aside until tomorrow This must have guide for even the occasional insomniac will help you fall asleep stay asleep and wake up your best self **Fast Facts for Health Promotion in Nursing** Carol A.

Miller, 2013-03-27 Every chapter achieves its objectives This book is truly a quick reference tool combining the facts from many chapters in nursing textbooks and applying a holistic approach to care and promotion The author scales down the need to know of patient care while integrating health promotion opportunities within multiple nursing assessments and interventions I would recommend this book to a nurse or nursing student for its practicality for any clinical specialty and level of experience Kristy Gorman Clinical Practice and Education Specialist University of Maryland Journal for Nurses in Professional Development I would highly recommend this book to any nurse or nursing student for its practical usefulness in any practice arena It is a desirable reference for nurses who want access to pertinent health education information and resources at their fingertips Score 97 5 Stars Doody s Medical Reviews This addition to the Fast Facts series provides a succinct guide for nurses in adult health clinical settings and fills the need for an easy to use clinical reference that delivers a quick access reference on ways to incorporate wellness into their work helping to improve patient outcomes and throughout their daily lives helping to reduce personal and professional stress and improve their overall wellness There currently is no clinical reference book that nurses can use for health promotion in general and health promotion for wellness in particular Having such a reference is especially pertinent to nurses who learned about health promotion in academic nursing programs but did not learn about health promotion in the broader context of promoting wellness Since Florence Nightingale nurses have considered health promotion interventions particularly patient education as an essential component of nursing care Historically these interventions traditionally focused on physical health concerns such as nutrition exercise and fresh air and more recently on immunizations and screening for disease e g cancer diabetes hypertension and cardiovascular disease Because health promotion has expanded to include wellness nurses now address issues related to broader aspects such as stress reduction body mind connectedness and self responsibility At the same time that wellness has become an important focus of care health care providers increasingly are emphasizing cost effectiveness and use of advanced technology As a

result of these concurrent trends nurses experience high levels of job related stress and have less time to promote patient wellness as an integral part of their care even though they recognize its importance In addition nurses increasingly recognize that job related pressures negatively affect them personally and they are looking for ways to incorporate wellness in their work and personal experiences Fast Facts for Health Promotion for Wellness FF HP fills the need for an easy to use clinical reference that delivers a quick access reference on ways to incorporate wellness into their work and throughout their daily lives This book Helps nurses understand wellness in the context of health promotion Clearly defines wellness as it applies to the practice of nursing Describes evidence based techniques that nurses can readily incorporate into their usual care to promote wellness for their patients Provides easy to use assessment tools for identifying wellness related needs of patients Provides easy easy to use tools for teaching patients about interventions to promote wellness Provides evidence based information about complementary and alternative practices that nurses often address in patient care situations Provides information about reliable resources for patient teaching and additional information about topics Discusses ways in which nurses can achieve self wellness

The Meditation Transformation Jennifer Brooks, 2014-05-21 INCLUDED WITH EACH PURCHASE After downloading your copy of the book follow the instructions at the end to receive a free fourteen minute guided meditation Have you ever considered meditating but didn't follow through because you thought it wasn't for you Have you ever asked What exactly is meditation anyway If you've already begun meditating do you struggle to know when is the best time and how to go about it Meditation is one of the most misunderstood yet incredibly beneficial practices out there and chances are that you have a lot of questions Whether you're just curious newly beginning your meditative journey or already an advanced practitioner The Meditation Transformation How to Relax and Revitalize Your Body Your Work and Your Perspective Today is an informative and interesting guide to the basics of meditation from A to Z Beginning with the all important who and ending with a comprehensive answer to the question how this book will answer many of the following questions Who should meditate Find out exactly who the perfect candidates for this practice are Are you one of them What exactly is meditation Though it has been performed for thousands of years meditation is still a misunderstood activity What qualifies as meditation When is it appropriate to meditate What time of day is best Should you meditate every day Discover the answers inside the pages of this book Where should you meditate Learn what a good atmosphere for meditation really is Can you really meditate at work Or is it best to do so at home and if so in which room Why meditate This is one of the most significant questions of them all especially because most of its benefits are so little known Of course you are aware that it can reduce stress and bring peace of mind but what about all of the other spectacular health benefits it can provide And is it true that regular meditation can really improve your focus and your memory How do you go about meditating If you've already determined to begin this is the big question The various forms of meditation are not one size fits all so while this book provides you with the basic technique it also takes you by the hand through several other variations that you can try

Whatever your reasons are it's never a bad time to start and by the time you've finished reading this book you'll be ready to adopt your own meditative practice as a vital part of your daily life To learn more about the powerful benefits of meditation and experience them for yourself download your copy of *The Meditation Transformation How to Relax and Revitalize Your Body Your Work and Your Perspective Today now* *Trauma Made Simple* Jamie Marich, 2014-03-05 In *Trauma Made Simple* trauma expert Dr Jamie Marich brings her practical style of training to print using clinical common sense to wade through theory research and hype surrounding trauma Learn about trauma in a way that is relevant to clinical work including extensive coverage on PTSD and other diagnoses through a bio psycho social spiritual lens Make clinically informed decisions based on setting client preparedness and other contextual variables Develop strategies for treatment planning based on the best possible treatments in the field today *Trauma Made Simple* addresses a variety of issues that are imperative to trauma competency in clinical work including how to handle grief and mourning assessing for and addressing addiction even if you are not an addiction counselor and how to manage professional development issues including self care
