Keepsakes A Design Memoir:

Keepsakes Constantin Boym, Maira Kalman, 2015-05-15 *Keepsakes* Constantin Boym, 2015 Introducing *Keepsakes* A Design Memoir by noted Russian designer Constantin Boym Featuring a specially curated group of personal objects some designed by Boym and others collected through his travels from Russia to Turkey Italy Qatar but all accompanied by a witty commentary on the objects themselves as well as what they mean to him Each brings up a different story but is always referenced back as a source and inspiration for Boym s design principles and process Through these often humble objects items providing insights into the life and culture of the people using or making them Boym points out enduring truths for today **The Disobedience of Design** Gui Bonsiepe, 2021-12-02 This volume presents for the first time in English a curated selection of writings by the design thinker Gui Bonsiepe from the 1960s to the present day Addressing as it does questions of non Western design and a design practice that is both radical and democratic Bonsiepe s work has assumed new importance for current debates inspired by global political and environmental crises Structured into three sections the anthology first addresses Bonsiepe s work on design theory and practice particularly in relation to the history and contemporary relevance of the Ulm design school where Bonsiepe was a professor in the 1960s A second section then represents Bonsiepe s writings after his move to South America in the 1960s and 70s where he worked as a design consultant for the Allende government in Chile before the military takeover In writings from the period Bonsiepe explores the concept of design at the periphery and the relationship of national design traditions and practices in Latin American countries to those of the core Western European and American design The final section comprises selections of Bonsiepe s writings on design in relation to literacy and language visuality and cognition This indispensable volume includes new interviews with Bonsiepe as well as his original previously unpublished texts Designing in Dark Times Virginia Tassinari, Eduardo Staszowski, 2020-11-12 The architectural historian and critic Kenneth Frampton never recovered from the force of Hannah Arendt s teaching at The New School in New York The philosopher Richard J Bernstein considers her the most perceptive political theorist and observer of dark times a concept which drawing from Brecht she made her own Building on the revival of interest in Hannah Arendt and on the increasing turn in design towards the expanded field of the social this unique book uses insights and quotations drawn from Arendt s major writings *The Human Condition* *The Origins of Totalitarianism* *Men in Dark Times* to assemble a new kind of lexicon for politics designing and acting today Taking 56 terms from *Action Beginnings* and *Creativity through Mortality* *Natality and Play* to *Superfluity* *Technology and Violence* and inviting designers and scholars of design world wide to contribute *Designing in Dark Times* An Arendtian Lexicon offers up an extraordinary range of short essays that use moments and quotations from Arendt s thought as the starting points for reflection on how these terms can be conceived for contemporary design and political praxis Neither simply dictionary nor glossary the lexicon brings together designing and political philosophy to begin to create a new language for acting and designing against dark
