judgment how to judge and what happens when judgment is confronted with situations that defy its limits Poe Hawthorne Melville Gilman and James all shared a concern with the political and ideological debates of their time but tended to approach these debates indirectly Thus Monnet suggests while slavery and race are not the explicit subject matter of antebellum works by Poe and Hawthorne they nevertheless permeate it through suggestive analogies and tacit references Similarly Melville Gilman and James use the gothic to explore the categories of gender and sexuality that were being renegotiated during the latter half of the century Focusing on *The Fall of the House of Usher* *The Marble Faun* *Pierre* *The Turn of the Screw* and *The Yellow Wallpaper* Monnet brings to bear minor texts by the same authors that further enrich her innovative readings of these canonical works At the same time her study persuasively argues that the Gothic's endurance and ubiquity are in large part related to its being uniquely adapted to rehearse questions about judgment and justice that continue to fascinate and disturb

Beneath the American Renaissance David S. Reynolds,2011-06-01 The award winning *Beneath the American Renaissance* is a classic work on American literature It immeasurably broadens our knowledge of our most important literary period as first identified by F O Matthiessen s *American Renaissance* With its combination of sharp critical insight engaging observation and narrative drive it represents the kind of masterful cultural history for which David Reynolds is known Here

the major works of Emerson Thoreau Whitman Poe Hawthorne Melville and Dickinson receive striking original readings set against the rich backdrop of contemporary popular writing Now back in print the volume includes a new foreword by historian Sean Wilentz that reveals the book's impact and influence A magisterial work of criticism and cultural history *Beneath the American Renaissance* will fascinate anyone interested in the genesis of America's most significant literary epoch and the iconic figures who defined it *Take Me Home* Melanie Sweeney, 2024-07-09 AN INSTANT USA TODAY BESTSELLER Road Trip Rules No bad music No detours No falling in love Hazel Elliot never looks back If a door closes she burns the whole house down But when she's invited to her father's Christmas Eve wedding she's forced to return to Lockett Prairie Texas for the first time since she fled for college Ash Campbell has been in love with Hazel since she dated his best friend in high school Now Ash and Hazel's relationship is limited to playful feuding over the best chair in their favorite coffee shop but his attraction to the prickly girl from home has only grown stronger When Ash's car breaks down just as family obligations and the holidays pull him home only one person can get him there on time But Hazel has a condition Everything between them must stay the same And if it doesn't She gets the coffee shop So the frenemies endure bad music inclement weather and B Bs with only one bed and that's just the drive across Texas When they finally arrive Hazel must face that in a small town there's nowhere to run and maybe for the first time she's found a reason to stay **Practicing Romance** Richard H. Millington, 2014-07-14 *Practicing Romance* sets out to re-tell the story of Hawthorne's career arguing that he is best understood as a cultural analyst of extraordinary acuity ambitious to reshape in a sense to cure the community he addresses Through readings attentive to narrative strategy and alert to the emerging middle class culture that was his audience the book defines and describes Hawthornian Romance in a new way not in customary fashion as the definitive instance of a peculiarly American genre but as a narrative practice designed to expose and restage the covert drama that affiliates us to our community Hawthorne's fiction thus recovers for its readers through the interpretive independence it teaches a freer more lucid more critical relation to the community we inhabit and the cultural engagement romance enacts in turn rescues Hawthorne from the confining marginality that the writer's career had threatened to confer From the book's distinctive account of his narrative tactics especially his deployment of the voices and attitudes authoritarian or democratic entrapping or freeing that give shape to his ideological terrain Hawthorne emerges as a daring reinventor of the novel's cultural role Originally published in 1992 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **American Incarnation** Myra Jehlen, 1986 In exploring the origins and character of the American liberal tradition Myra Jehlen begins with the proposition that the

decisive factor that shaped the European settlers idea of America or the American was material rather than conceptual it was the physical fact of the land European settlers came to a continent on which they had no history bringing the ideology of liberal individualism which they projected onto the land itself They believed the continent proclaimed that individuals were born in nature and freely made their own society An insurgent ideology in Europe this idea worked in America paradoxically to empower the individual and to restrict social change Jehlen sketches the evolution of the concept of incarnation through comparisons of American and European eighteenth century naturalist writings particularly Emerson s Nature She then explores the way incarnation functions ideologically to both enable and curtail action in the writing of fiction Her examination of Hawthorne and Melville shows how the myth of the New World both licensed and limited American writers who set out to create their own worlds in fiction She examines conflicts between the exigencies of narrative form and the imperatives of ideology in the writings of Franklin Jefferson Emerson and others Jehlen concludes with a speculation on the implication of this original construction of America for the United States today when such imperial concepts have been called into question

Nathaniel Hawthorne Charles Swann,1991-06-28 This is the first analysis of the fiction of Nathaniel Hawthorne and his perception of history In his study Charles Swann examines the whole of Hawthorne s literary career and gives proper weight to the unfinished work Hawthorne saw history as a struggle between the authoritative claims of tradition on the one hand and the conflicting but equally valid claims of the desires for revolutionary transformation on the other To evaluate Hawthorne s view of history Swann provides close readings of such key shorter works as Alice Doane s Appeal and Main Street as well as the most detailed analysis to date of the unfinished works The American Claimant Mss and The Elixir of Life Mss two works which exemplify the temptations of tradition and the exhilaration of the revolutionary moment This study asks us to explore how Hawthorne presents and interprets history through his fiction for example the history of crucial sins of the past and the contemporary placing of such sins in Alice Doane s Appeal the problematic nature of the American Revolution in The Elixir of Life Mss and the role of society in The Scarlet Letter Swann s innovative study will be of interest to students and scholars of American literature history cultural studies and literary criticism
