and a member of the Headhunters Mercenary Company Being a mercenary allows for more freedom and better pay than most Alarians are given under Untveski rule but it also requires them to fight alongside the Untveski legions whenever they require it This situation was at least tolerable so long as the mercenaries were only asked to help defend the borders from marauders and the like but then one day they are ordered to assist in ruthlessly crushing the rebellion of an Alarian town This traumatic event motivates the mercenaries to consider a third option outside the dichotomy of living as slaves or assisting the oppressors and the solution may just reside with the fiercely independent wood elves of the western forest region a long standing enemy of the Untveski

misunderstood and to express what I have felt through the toughest times a teenager can imagine This book is to show lost souls can be found and those with no soul still have a chance
