Discovered by Love Omnibus Edition Carla Laureano, 2022-12-06 Escape into beautiful settings and unexpected romance with the *Discovered by Love* series now together in print for the first time *Jilted* When a groom is left at the altar on a private island he convinces the resort's chef to act as his tour guide to the sun-drenched paradise of Belize But it isn't long before their purely platonic arrangement begins to stray into personal waters *Starstruck* A fantasy novelist is reunited at London fan convention with her estranged actor boyfriend when he's subbed in as the romantic hero for her TV adaptation As he scrambles to get her approval for the role of his lifetime she's forced to consider there might be more to her ex than just his Hollywood persona *Snowbound* Two rival architects get snowed in at the site of the dream renovation in Vail Colorado and must work through their differences to make it through the weekend Because as the temperature drops and their competition heats up the only way out is together with or without their hearts intact *Sunswept* When a tech entrepreneur and a real estate agent end up double-booked in their Islamorada Florida vacation rental they decide to turn the inconvenience into a solution to their plus-one problems But neither anticipates the possibility that a fake relationship might just give way to real feelings

The Arabesque from Kant to Comics Cordula Grewe, 2021-09-01 *The Arabesque from Kant to Comics* tracks the life and afterlife of the arabesque in its surprising transformation from an iconoclastic literary theory of early German Romanticism to aesthetic experimentation in both avant-garde art and popular culture Its explosive growth in popularity was followed by an inevitable taming as arabesques became staples in book illustration poetry publications and even the decoration of printed scores The subversive potential of the arabesque was preserved in one of its most surprising offsprings the comic strip born at the moment when the cholera pandemic first swept through Europe the comic translated the arabesque's rank growth into unnerving lawlessness and sequences of contagious visual slapstick Focusing roughly on the period between 1780 and 1880 this book illuminates the intersecting histories of avant-garde theories of writing visual culture and even the disciplinary origins of art history In the process it explores media history and intermediality social networks and cultural transfer as well as the rise of new and nontraditional art forms This book will be of particular interest to scholars of art history intellectual history European art aesthetics book illustration material culture reproduction comics and German history

"Rival Sisters, Art and Music at the Birth of Modernism, 1815-1915" James H. Rubin, 2017-07-05 Introducing the concept of music and painting as rival sisters during the nineteenth century this interdisciplinary collection explores the productive exchange from rivalry to inspiration to collaboration between the two media in the age of Romanticism and Modernism The volume traces the relationship between art and music from the opposing claims for superiority of the early nineteenth century to the emergence of the concept of synesthesia around 1900 This collection puts forward a more complex history of the relationship between art and music than has been described in earlier works including an intermixing of models and distinctions between approaches to them Individual essays from art history musicology and
