Losing It Urban Books:

The Archive of Loss Maura Finkelstein, 2019-03-21 Mumbai's textile industry is commonly but incorrectly understood to be an extinct relic of the past. In *The Archive of Loss*, Maura Finkelstein examines what it means for textile mill workers who are assumed not to exist to live and work during a period of deindustrialization. Finkelstein shows how mills are ethnographic archives of the city where documents, artifacts, and stories exist in the buildings and in the bodies of workers. Workers' pain, illnesses, injuries, and exhaustion narrate industrial decline; the ways in which they live in tenements exist outside and resist the values expounded by modernity; and the rumors and untruths they share about textile worker strikes and a mill fire help them make sense of the industry's survival. In outlining this archive's contents, Finkelstein shows how mills, which she conceptualizes as lively ruins, become a lens through which to challenge, reimagine, and alter ways of thinking about the past, present, and future in Mumbai and beyond.

Ambiguous Loss Pauline BOSS, Pauline Boss, 2009-06-30 When a loved one dies, we mourn our loss. We take comfort in the rituals that mark the passing and we turn to those around us for support. But what happens when there is no closure when a family member or a friend who may be still alive is lost to us nonetheless? How, for example, does the mother whose soldier son is missing in action or the family of an Alzheimer's patient who is suffering from severe dementia deal with the uncertainty surrounding this kind of loss? In this sensitive and lucid account, Pauline Boss explains that all too often those confronted with such ambiguous loss fluctuate between hope and hopelessness. Suffered too long, these emotions can deaden feeling and make it impossible for people to move on with their lives. Yet the central message of this book is that they can move on. Drawing on her research and clinical experience, Boss suggests strategies that can cushion the pain and help families come to terms with their grief. Her work features the heartening narratives of those who cope with ambiguous loss and manage to leave their sadness behind, including those who have lost family members to divorce, immigration, adoption, chronic mental illness, and brain injury. With its message of hope, this eloquent book offers guidance and understanding to those struggling to regain their lives.

Reviews of this book

You will find yourself thinking about the issues discussed in this book long after you put it down and perhaps wishing you had extra copies for friends and family members who might benefit from knowing that their sorrows are not unique. This book's value lies in its giving a name to a force many of us will confront sadly more than once and providing personal stories based on 20 years of interviews and research. Pamela Gerhardt, Washington Post.

Reviews of this book: A compassionate exploration of the effects of ambiguous loss and how those experiencing it handle this most devastating of losses. Boss's approach is to encourage families to talk together to reach a consensus about how to mourn that which has been lost and how to celebrate that which remains. Her simple stories of families doing just that contain lessons for all. Insightful, practical, and refreshingly free of psychobabble.

Kirkus Review Reviews of this book Engagingly written and richly rewarding this title presents what Boss has learned from many years of treating individuals and families suffering from uncertain or incomplete loss The obvious depth of the author's understanding of sufferers of ambiguous loss and the facility with which she communicates that understanding make this a book to be recommended R R Cornelli Choice Reviews of this book Written for a wide readership the concepts of ambiguous loss take immediate form through the many provocative examples and stories Boss includes All readers will find stories with which they will relate Sensitive grounded and practical this book should in my estimation be required reading for family practitioners Ted Bowman Family Forum Reviews of this book Dr Boss describes the all too common phenomenon of unresolved grief as resulting from either of two circumstances when the lost person is still physically present but emotionally absent or when the lost person is physically absent but still emotionally present In addition to senility physical presence but psychological absence may result for example when a person is suffering from a serious mental disorder like schizophrenia or depression or debilitating neurological damage from an accident or severe stroke when a person abuses drugs or alcohol when a child is autistic or when a spouse is a workaholic who is not really there even when he or she is at home Cases of physical absence with continuing psychological presence typically occur when a soldier is missing in action when a child disappears and is not found when a former lover or spouse is still very much missed when a child loses a parent to divorce or when people are separated from their loved ones by immigration Professionals familiar with Dr Boss's work emphasised that people suffering from ambiguous loss were not mentally ill but were just stuck and needed help getting past the barrier or unresolved grief so that they could get on with their lives Asian Age Combining her talents as a compassionate family therapist and a creative researcher Pauline Boss eloquently shows the many and complex ways that people can cope with the inevitable losses in contemporary family life A wise book and certain to become a classic Constance R Ahrons author of The Good Divorce A powerful and healing book Families experiencing ambiguous loss will find strategies for seeing what aspects of their loved ones remain and for understanding and grieving what they have lost Pauline Boss offers us both insight and clarity Kathy Weingarten Ph D The Family Institute of Cambridge Harvard Medical School

Halting Biodiversity Loss

Great Britain. Parliament. House of Commons. Environmental Audit Committee, 2008 This is the thirteenth report from the Environmental Audit Committee of the 2007-08 session HCP 743 ISBN 9780215524843 The Committee states that the Government will fail to meet the 2010 target to halt biodiversity loss although the target might have been unrealistic The Committee does see some progress with 80% of Sites of Special Scientific Interest SSIs in a favourable condition with a number of rare species having recovered In general though biodiversity loss continues in the wider countryside with many species and habitats facing severe declines and local extinctions The Committee does believe though that with leadership and effective policies biodiversity loss could in fact be reversed and states the Government should adopt a new target to halt the loss Biodiversity policies need to be cross departmental and the Government's ecosystem assessment is a way forward by

encouraging such an approach and promoting biodiversity protection at the regional and local scales The Committee further states that the Government could make a large contribution in preventing biodiversity loss through more support for the UK Overseas Territories

Performing Loss Jodi Kanter, 2007-11-13 In *Performing Loss: Rebuilding Community through Theater and Writing* author Jodi Kanter explores opportunities for creativity and growth within our collective responses to grief *Performing Loss* provides teachers students and others interested in performance with strategies for reading writing and performing loss as communities in the classroom the theater and the wider public sphere From an adaptation of Jose Saramago's novel *Blindness* to a reading of Suzan Lori Parks's *The America Play* from Kanter's own experience creating theater with terminally ill patients and federal prisoners to a visual artist's response to September 11th Kanter shows in practical replicable detail how performing loss with community members can transform experiences of isolation and paralysis into experiences of solidarity and action Drawing on academic work in performance cultural studies literature sociology and anthropology Kanter considers a range of responses to grief in historical context and goes on to imagine newer more collaborative and more civically engaged responses *Performing Loss* describes Kanter's pedagogical and artistic processes in lively and vivid detail enabling the reader to use her projects as models or to adapt the techniques to new communities venues and purposes Kanter demonstrates through each example the ways in which writing and performing can create new possibilities for mourning and living together

Net Loss Nathan Newman, 2010-11-01 Newman first tells the story of the US federal government's crucial role in the early development of the internet with the promotion of open computer standards and collaborative business practices that became the driving force of the Silicon Valley model He then examines the complex dynamic of the process whereby regional economies have been changing as business alliances built around industries like the internet replace the broader public investments that fuelled regional growth in the past A radical restructuring of once regionally cofused industries like banking electric utilities and telephone companies is under way with changes in federal regulation helping to undermine regional planning and the power of local community actors

Magic and Loss Nancy A. Collins, 2013-11-05 Located on Manhattan's Lower East Side Golgotham has been the city's supernatural district for centuries Populated by creatures from myth and legend the neighborhood's most prominent citizens are the Kymera a race of witches who maintain an uneasy truce with the city's humans It has been several months since Tate Eresby developed her new magical ability to bring whatever she creates to life but she is still learning to control her power Struggling to make a living as an artist she and Hexe can barely make ends meet but they are happy That is until Golgotham's criminal overlord Boss Marz is released from prison bent on revenge against the couple responsible for putting him there Hexe's right hand is destroyed leaving him unable to conjure his benign magic Attempts to repair the hand only succeed in plunging Hexe into a darkness that can't be lifted even by news that Tate is carrying his child Now with her pregnancy seeming to progress at an astonishing rate Tate realizes that carrying a possible

heir to the Kymeran throne will attract danger from all corners even beyond the grave **Losing Culture** David Berliner,2020-05-15 Around the world you will hear complaints that people are losing their culture and their heritage This study explores what is triggering this sense of cultural loss to what ends this rhetoric gets deployed and how anthropologists deal with their own feelings of nostalgia *Fictions of Loss in the Victorian Fin de Siècle* Stephen Arata,1996-08-29 It has been widely recognised that British culture in the 1880s and 1890s was marked by a sense of irretrievable decline *Fictions of Loss in the Victorian Fin de Siècle* explores the ways in which that perception of loss was cast into narrative into archetypal stories which sought to account for the culture's troubles and perhaps assuage its anxieties Stephen Arata pays close attention to fin de siècle representation of three forms of decline national biological and aesthetic and reveals how late Victorian degeneration theory was used to explain such decline By examining a wide range of writers from Kipling to Wilde from Symonds to Conan Doyle and Stoker Arata shows how the nation's twin obsessions with decadence and imperialism became intertwined in the thought of the period His account offers new insights for students and scholars of the fin de siècle

At A Loss For Words Betty Lynn Segal Bardige,2005-05-09 Drawing on the latest research on development among toddlers and preschoolers *At a Loss for Words* lays out the importance of getting parents policy makers and child care providers to recognize the role of early literacy skills in reducing the achievement gap that begins before three years of age Readers are guided through home and classroom settings that promote language contrasting them with the merely mediocre child care settings in which more and more young children spend increasing amounts of time Too many of our young children are not receiving the level of input and practice that will enable them to acquire language skills the key to success in school and life Bardige explains how to build better community support systems for children and better public education in order to ensure that toddlers learn the power of language from their families and teachers **Rite of Blood and Loss** Laura

Greenwood, Beatrice never imagined someone could end up dead After a middle of the night summons from Lord Fallmartin leads to a revelation Beatrice was never expecting she realises her time at court is going to be much more dangerous than she first thought and that the enemy might be closer than she could have imagined Soon it seems as if the only person she can rely on is Linc but even that bond is tested as the realities of living in a world full of vampires and the political games they're playing to keep themselves in power start to sink in Do Beatrice and Linc have what it takes to accept their place at court *Rite of Blood and Loss* is book six of *House of Blood and Roses* It is a fantasy romance series full of vampires court intrigue and an established m/f romance *The Language Loss of the Indigenous* G. N. Devy,Geoffrey V. Davis,K. K. Chakravarty,2016-02-26 This volume traces the theme of the loss of language and culture in numerous post colonial contexts It establishes that the aphasia imposed on the indigenous is but a visible symptom of a deeper malaise the mismatch between the symbiotic relation nurtured by the indigenous with their environment and the idea of development put before them as their future The essays here show how the cultures and the imaginative expressions of indigenous communities all over the

world are undergoing a phase of rapid depletion They unravel the indifference of market forces to diversity and that of the states unwilling to protect and safeguard these marginalized communities This book will be useful to scholars and researchers of cultural and literary studies linguistics sociology and social anthropology as well as tribal and indigenous studies

Ecological Perspectives on Language Endangerment and Loss Salikoko S. Mufwene, 2025-07-01 This book discusses various issues arising from the dominant discourse on language endangerment and loss in linguistics Are the terms mother tongue heritage language and ancestral language interchangeable Does a child receiving formal education in a mother tongue different from that of his or her parents lose a culture that he or she should otherwise inherit Is a language separate from the culture in which its speakers evolve and it is being practiced Thus is a population shifting to a dominant language necessarily abandoning its traditional culture ipso facto or is it also reshaping it along with that associated with the new language into a new mixed culture Are cultures intended to be static Must speakers of particular languages be wedded to them in the same way they are to their genes What can we learn about language shift language vitality and human adaptiveness from the protracted history of mankind These and a host of other issues regarding the intertwining of colonization globalization language and culture are discussed in this book inviting linguists and other interested scholars to be critical participants in the current debate

Helping Those Experiencing Loss Robert J. Grover Professor Emeritus, Susan G. Fowler, 2011-07-13 This book provides a guide for grieving youth and adults as well as extensive descriptive lists of recommended professional literature resources Grief caused by loss is both a very common human experience and a highly individualized one For example children experience a number of losses that are unique to their young age such as sibling and parent death adoption or divorce and should be given special consideration by professionals and parents helping them in these situations For gay lesbian or cohabiting heterosexual couples that suffer the loss of a partner societal standards often deny the survivors in these relationships the right to grieve Helping Those Experiencing Loss A Guide to Grieving Resources is a book like no other supplying compassionate information for navigating the emotional distress that every man and woman will experience in their lifetime as well as a comprehensive guide to the literature of bereavement and grieving It explains the grieving process interpreting the results of research on the topic in plain language and addressing specific groups children young adults parents who have lost a child adults who have lost spouses and the aging population

The Loss of Sadness Allan V. Horwitz, Jerome C. Wakefield, 2007-06-18 The Loss of Sadness argues that the increased prevalence of major depressive disorder 10% of all American adults are said to be afflicted with it according to recent estimates is due not to a genuine rise in mental disease as many claim but to the way that normal human sadness has been pathologized since 1980 In that year the field of psychiatry published its landmark third edition of The Diagnostic and Statistical Manual of Mental Disorders DSM III which has since become a dominant force behind our current understanding of mental illness overall The result in the past 25 years since the DSM III's appearance virtually all research

and all clinical approaches to depression have been based on an invalid definition of the condition resulting in far reaching scientific social and political implications that affect us all

Loss and Change (Psychology Revivals) Peter Marris,2014-10-10 First published in 1974 then reissued in 1986 with a long introduction by the author which developed the analysis in the light of recent theory and related it to work done in the field since its first publication The late Peter Marris shows how understanding grief can help us to understand processes of change both personal and social and to handle them with more compassion for ourselves and others He sees grieving as the working out of a psychological reintegration whose principles are essentially similar whether the structures of meaning of our life fall apart from the loss of a personal relationship of a predictable social context or of an interpretable world Marris draws on his wide ranging research to develop his argument A study of widows a description of the devastating effects of urban renewal projects on people whose familiar neighbourhoods are destroyed an analysis of the activities of tribal associations in Nigeria and reflections on the analogies between scientific and political revolutions are a few of the studies Marris weaves together in tracing the meaning of change and loss in human life

The Anatomy of Job Loss (Routledge Revivals) Doreen Massey,Richard Meegan,2014-11-06 Job loss is one of the most important issues in the capitalist world today endless reports document the increasing scale of unemployment This title first published in 1982 adopted a new approach to the geography of job loss to assess why redundancy happens and where Massey and Meegan argue that an increase in dismissal does not necessarily mean that an industry is in decline rather it can be the result of a variety of issues including production for profit and the relationship between industry and location Throughout the book discussions about theory and methodology are complemented by industry based case studies This title addresses issues of particular relevance to today s economic climate and will be particularly valuable to students with an interest in employment and job loss and industrial labour and profitability

Right to the City Novels in Turkish Literature from the 1960s to the Present N. Buket Cengiz,2021-07-16 Right to the City Novels in Turkish Literature from the 1960s to the Present analyses the representation of rural migration to Istanbul in literature placing Henri Lefebvre s concept of the right to the city at the

centre of the argument Using a framework of critical urban theory the book examines Orhan Kemal's *Gurbet Ku lar* The Homesick Birds 1962 Muzaffer zg's *Halo Day ve ki k z* Uncle Halo and *Two Oxen* 1973 Latife Tekin's *Berci Kristin p* Masallar Berji Kristin *Tales From the Garbage Hills* 1984 Metin Ka an's *A r Roman Heavy Roman i* 1990 Ayhan Ge gin's *Kenarda On the Periphery* 2003 Hatice Meryem's *nsan K s m K s m* Yer Damar Damar *It Takes All Kinds* 2008 and Orhan Pamuk's *Kafamda Bir Tuhafl k* A Strangeness in My Mind 2014 in the historical context as regards rural migration to Istanbul urbanization of migrants and anti migrant nostalgia Situating these works as a counterpoint to nostalgic novels and categorising them as right to the city novels the book aims to offer a conceptual framework that can be implemented on internal as well as international migration in other global ising cities and on cultural products other than literature such as film

Grief, Loss, and Treatment for Death Row Families Sandra Joy, 2013-12-05 The families of death row inmates are rarely considered in public discourse regarding the death penalty They have largely been forgotten and their pain has not been acknowledged by the rest of society These families experience a unique grief process as they are confronted with the loss of their loved one to death row and brace themselves for the possibility of an execution Death row families are disenfranchised from their grief by the surrounding community and their mental health needs exacerbated as they struggle in isolation with the ambiguous loss that comes with the fear that the state will kill their loved one *Grief Loss and Treatment for Death Row Families* describes the grief that families experience from the time of their loved one's arrest through his or her execution In each chapter Sandra Joy guides the reader through the grief process experienced by the families offering clinical interventions that can be used by mental health professionals who are given the opportunity to work with these families at various stages of their grief The author conducted over seventy qualitative interviews with family members from Delaware who either currently have a loved one on death row or have survived the execution of their loved one Delaware was chosen because though it has a relatively small death row it is ranked third in the nation with its rate of per capita executions This book provides an in depth awareness of the grieving process of death row families as well as ways that professionals can intervene to assist them in healing With increased awareness and effective clinical treatment we can ensure that the families of death row inmates are forgotten no more
