Lost Civilizations Michael Rank, 2013 Whether it is Plato's lost city of Atlantis a technological advanced utopia that sank into the ocean in a single day and night of misfortune the colony of Roanoke whose early American settlers were swallowed up in the wild forest lands of the unexplored continent or the Ancient American Explorers who managed to arrive to the New World 2 000 years before Columbus the disappearance of these societies is as cryptic as it is implausible This book will look at cultures of the 10 greatest lost civilizations in history Some were millenia ahead their neighbors such as the Indus Valley Civilization which had better city planning in 3 000 B C than any European capital in the 18th century Others left behind baffling mysteries such as the Ancient Pueblo Peoples formerly known as the Anasazi whose cliff dwelling houses were so inaccessible that every member of society would have to be an expert level rock climber It will also at explanations as to how massive societies that lasted for centuries can disappear without a trace Did the builders of the pyramids handy craftsmen whose method of transporting massive stones are still unexplainable simply disappear or were they part of an advanced alien race as conspiracy theorists assert Was the Kingdom of Aksum really the keeper of the Ark of the Covenant and did this lead to their downfall
