Arresting Development Christopher Pizzino, 2016-09-06 Mainstream narratives of the graphic novel's development describe the form's coming of age its maturation from pulp infancy to literary adulthood In *Arresting Development* Christopher Pizzino questions these established narratives arguing that the medium's history of censorship and marginalization endures in the minds of its present day readers and crucially its authors Comics and their writers remain burdened by the stigma of literary illegitimacy and the struggles for status that marked their earlier history Many graphic novelists are intensely aware of both the medium's troubled past and their own tenuous status in contemporary culture *Arresting Development* presents case studies of four key works Frank Miller's *Batman: The Dark Knight Returns* Alison Bechdel's *Fun Home* Charles Burns's *Black Hole* and Gilbert Hernandez's *Love and Rockets* exploring how their authors engage the problem of comics cultural standing Pizzino illuminates the separation of high and low culture art and pulp and sophisticated appreciation and vulgar consumption as continual influences that determine the limits of literature the status of readers and the value of the very act of reading

The Hernandez Brothers Enrique García, 2017-07-18 This study offers a critical examination of the work of Gilbert and Jaime Hernandez Mexican American brothers whose graphic novels are highly influential The Hernandez brothers started in the alt comics scene where their *Love and Rockets* series quickly gained prominence They have since published in more mainstream venues but have maintained an outsider status based on their own background and the content of their work Enrique Garcia argues that the Hernandez brothers have worked to create a

new American graphic storytelling that while still in touch with mainstream genres provides a transgressive alternative from an aesthetic gender and ethnic perspective The brothers were able to experiment with and modify these genres by taking advantage of the editorial freedom of independent publishing This freedom also allowed them to explore issues of ethnic and gender identity in transgressive ways Their depictions of latinidad and sexuality push against the edicts of mainstream Anglophone culture but they also defy many Latino perceptions of life politics and self representation The book concludes with an in depth interview with Jaime and Gilbert Hernandez that touches on and goes beyond the themes explored in the book

Alternative Comics Charles Hatfield, 2009-11-12 In the 1980s a sea change occurred in comics Fueled by Art Spiegelman and Françoise Mouly's avant garde anthology *Raw* and the launch of the *Love Rockets* series by Gilbert Jaime and Mario Hernandez the decade saw a deluge of comics that were more autobiographical emotionally realistic and experimental than anything seen before These alternative comics were not the scatological satires of the 1960s underground nor were they brightly colored newspaper strips or superhero comic books In *Alternative Comics* An Emerging Literature Charles Hatfield establishes the parameters of alternative comics by closely examining long form comics in particular the graphic novel He argues that these are fundamentally a literary form and offers an extensive critical

study of them both as a literary genre and as a cultural phenomenon Combining sharp eyed readings and illustrations from particular texts with a larger understanding of the comics as an art form this book discusses the development of specific genres such as autobiography and history Alternative Comics analyzes such seminal works as Spiegelman s Maus Gilbert Hernandez s Palomar The Heartbreak Soup Stories and Justin Green s Binky Brown Meets the Holy Virgin Mary Hatfield explores how issues outside of cartooning the marketplace production demands work schedules can affect the final work Using Hernandez s Palomar as an example he shows how serialization may determine the way a cartoonist structures a narrative In a close look at Maus Binky Brown and Harvey Pekar s American Splendor Hatfield teases out the complications of creating biography and autobiography in a substantially visual medium and shows how creators approach these issues in radically different ways
