Loving from the Outside In, Mourning from the Inside Out Alan D Wolfelt, 2012-04-01 Recognizing how the need to grieve is anchored in one's capacity to care for someone this calming guide contends that the act of mourning is healthy and necessary following a life changing loss The very foundation of attachment is reflected upon illustrating devotion as both the primary cause of grief and a crucial source of emotional recovery Exploring the essential principles of love as well as the reasons behind it this heartfelt handbook makes it possible to embrace a trying but vital process *The Paradoxes of Mourning* Alan D. Companioning the Grieving Child Alan D. Wolfelt, 2012-06-01 Renowned author and educator Alan Wolfelt redefines the role of the grief counselor in this guide for caregivers to grieving children Providing a viable alternative to the limitations of the medical establishment's model for companioning the bereaved Wolfelt encourages counselors and other caregivers to aspire to a more compassionate philosophy in which the child is the expert of his or her grief not the counselor or caregiver The approach outlined in the book argues against treating grief as an illness to be diagnosed and

treated but rather for acknowledging it as an event that forever changes a child's worldview. By promoting careful listening and observation, this guide shows caregivers, family members, teachers, and others how to support grieving children and help them grow into healthy adults.

You're Not Crazy—You're Grieving: Dr. Alan Wolfelt, Alan D. Wolfelt, 2023-04-01 After a significant loss, it's common to feel like we're going crazy. The sudden absence of someone we love is not only devastating, it's disorienting. They were here one moment and now they're gone. Forever. How can that be? The first year or two of grief is often unbelievably painful and confusing. We're in shock, often for weeks or months. Time seems out of whack. We feel powerless, helpless, and ineffective. We can't think straight, we can't get anything done. Our moods swing wildly, and we say and do crazy things. We cry, and we cling to objects that belonged to the person who died. We have bizarre dreams. We think we hear, see, or experience communications from the person who died. We wonder if we can or should go on. And through it all, our minds and hearts return over and over again to the impossible reality that can never again talk to or touch a person who lived and breathed and gave our lives so much meaning. There is nothing more challenging than the early months and years of a major life loss. But this compassionate book by one of the world's most beloved grief counselors will help you endure. Dr. Wolfelt presents the six key steps to coping with a death. You may feel like you're going crazy, but you're not. You're grieving. Your thoughts, feelings, and reactions are normal. And you can and will survive. What's more, your days in deep grief will be a little easier if you turn to these six steps.

Counseling Skills for Companioning the Mourner: Alan D. Wolfelt, 2016-02-01 An in-depth guide to the counseling process and establishing a trusting relationship with clients from a bestselling author and grieving expert. Helping people in grief means being an empathetic companion, someone who allows griever to be experts of their own experiences, who bears witness without judging, who gently encourages the expression of thoughts and feelings. But even if you approach the work with this understanding, how you are when you spend time with the griever also has a tremendous influence on your capacity to help. How do you develop a relationship with the griever? How do you show empathy, respect, warmth, and genuineness? Could you improve your listening, paraphrasing, clarifying, perception checking, informing, and other essential helping skills? Whether you are a professional counselor or a lay helper, whether you have years of experience or are new to the work, this guide based on Dr. Wolfelt's companioning philosophy will help you be the most effective grief companion you can be.
