threat from Nazi Germany during the 1930s How accurate was British intelligence's understanding of Hitler's aims and

Germany's military and industrial capabilities In *The Ultimate Enemy* Wesley K Wark catalogues the many misperceptions

about Nazi Germany that were often fostered by British intelligence This book the product of exhaustive archival research

first looks at the goals of British intelligence in the 1930s He explains the various views of German power held by the

principal Whitehall authorities including the various military intelligence directorates and the semi clandestine Industrial

Intelligence Centre and he describes the efforts of senior officials to fit their perceptions of German power into the

framework of British military and diplomatic policy Identifying the four phases through which the British intelligence effort

evolved he assesses its shortcomings and successes and he calls into question the underlying premises of British intelligence
