[With] A key to the exercises** Emanuel del Mar,1853 **Spatial and Temporal Dimensions for Legal History** Massimo Meccarelli,María Julia Solla Sastre,2016-07-01 [http dx doi org 10 12946 gplh6](http://dx.doi.org/10.12946/gplh6)[http www epubli de shop buch 53894](http://www.epubli.de/shop/buch/53894)The spatiotemporal conjunction is a fundamental aspect of the juridical reflection on the historicity of law Despite the fact that it seems to represent an issue directly connected with the question of where legal history is heading today it still has not been the object of a focused inquiry Against this background the book s proposal consists in rethinking key confluences related to this problem in order to provide coordinates for a collective understanding and dialogue The aim of this volume however is not to offer abstract methodological considerations but rather to rely both on concrete studies out of which a reflection on this conjunction emerges as well as on the reconstruction of certain research lines featuring a spatiotemporal component This analytical approach makes a contribution by providing some suggestions for the employment of space and time as coordinates for legal history Indeed contrary to those historiographical attitudes reflecting a monistic conception of space and time as well as a Eurocentric approach the book emphasises the need for a delocalized global perspective In general terms the essays collected in this book intend to take into account the multiplicity of the spatiotemporal confines the

flexibility of those instruments that serve to create chronologies and scenarios as well as certain processes of adaptation of law to different times and into different spaces The spatiotemporal dynamism enables historians not only to detect new perspectives and dimensions in foregone themes but also to achieve new and compelling interpretations of legal history As far as the relationship between space and law is concerned the book analyses experiences in which space operates as a determining factor of law e g in terms of a field of action for law Moreover it outlines the attempted scales of spatiality in order to develop legal historical research With reference to the connection between time and law the volume sketches the possibility of considering the factor of time not just as a descriptive tool but as an ascriptive moment quasi an inner feature of a legal problem thus making it possible to appreciate the synchronic aspects of the juridical experience As a whole the volume aims to present spatiotemporality as a challenge for legal history Indeed reassessing the value of the spatiotemporal coordinates for legal history implies thinking through both the thematic and methodological boundaries of the discipline
