Discovering Lost Automobiles and their Stories Michael Ware,2023-01-31 Many enthusiasts dream of finding a Bugatti or a Bentley in a barn or a long disused building In reality such finds are more likely to be an Austin 7 Ford Popular or a Mini This book is stuffed with these so called barn finds The author has tried to find out the background to the abandonment and the previous history of the as found car when it was in regular use Why was it put away and apparently forgotten Many of the stories have appeared in his Lost and Found column in Classic and Sports Car magazine but a book gives a chance for the expanded story to be told The cars featured date from 1900 through till the 1980 s most come from Great Britain and Europe but there are plenty from Australasia and USA There are well over 200 different cars plus collections featured Each story has at least one illustration to go with it Some of the locations are bizarre a Daimler buried under a rockery a Porsche sunk in Lake Lucerne a Rolls Royce on the roof of a high rise building in Karachi or a Morris 8 special in a Gloucestershire pond There is a chapter on collections of cars put together by seemingly eccentric owners who never got around to restoring them before their death The author is not critical of any of these owners and is grateful for the number of cars they have saved from almost certain destruction **Muscle Car Barn Finds** Ryan Brutt,2018-04-09 Join automotive archeologist Ryan Brutt as he searches for American muscle cars lost to time in barns abandoned buildings decrepit garages even overgrown backyards

rodding is filled with stories of cars that were lost for a wide variety of reasons. Some were crashed, others lost in accidents, and others simply faded away. It's the third group that *Lost Hot Rods II* focuses on. Many great hot rods that were once famous were simply hidden away. Some of them have been tracked down and are now found once again. As a solid follow up to the success of the original *Lost Hot Rods*, this book continues the fun of discovering whatever happened to many of the great rods and customs built in the early days of the sport. *Lost Hot Rods II* shares the full story of each car, including how it was originally built, when it dropped off the radar, and how it was ultimately found. Photos from the past and present are included to showcase the story behind each, and every one of these great cars. Industry veteran and celebrated historian Pat Ganahl once again opens the archives and pounds the pavement in order to bring you the stories on some of the coolest cars ever to appear in shows or grace the pages of automotive magazines. A perfect companion to the best-selling *Lost Hot Rods*.
