Love In The Time Of Climate Change:

Love in a Time of Climate Change Sharon Delgado, 2017-06-30 Love in a Time of Climate Change challenges readers to develop a loving response to climate change which disproportionately harms the poor threatens future generations and damages God's creation This book creatively adapts John Wesley's theological method by using scripture tradition reason and experience to explore the themes of creation and justice in the context of the earth's changing climate By consciously employing these four sources of authority readers discover a unique way to reflect on planetary warming theologically and to discern a faithful response The book's premise is that love of God and neighbor in this time of climate change requires us to honor creation and establish justice for our human family for future generations and for all creation From the introduction As we entrust our lives to God we are enabled to join with others in the movement for climate justice and to carry a unified message of healing love and solidarity as we live into God's future offering hope in the midst of the climate crisis that another world is possible God is ever present always with us Love never ends **Love in the Time of Climate Change** Caroline Woodwell, 2020 *Love In The Time Of Global Warming, With Betty And Veronica, And Zombies* Martin Avery, 2013-09-04 Love In The Time Of Global Warming With Betty And Veronica and Zombies lives up to all the promise in its title It's the story of two romances a love triangle and Zen relationships set in Riverdale Muskoka Ontario Canada during the time when planetary overheating made it look like the end of the world as we know it **Love in the Time of Climate Change** Jenny Justice, 2019-12-09 Drawing upon themes of love relationships family and themes of anxiety fear and worry regarding the consequences of climate change this book of poetry shines light on the ways we are all connected and the work we all must do both for love and for planet Love in the Time of Climate Change is a book of poetry that is spiritual personal universal and moving It is a book that will touch hearts inspire minds and fuel inspiration for hope activism justice and compassion The poems in this book flow from poems of love from poems of family to poems of environmental issues species extinction air pollution and the reality that we are living and loving in a world on fire Love in the Time of Climate Change A Book of Poems is a cozy enjoyable sweet and serious analysis that celebrates the power of love while also situating it within the context of the anxiety worry upset and grief caused by a changing planet *Love in the Time of Ethnography* Lucinda Carspecken, 2017-11-15 Love in the Time of Ethnography explores love variously defined as an important facet of human life and a worthy focus of study The authors look at love in association with an Alevi and Sunni couple in Turkey organizers of Mexican American and immigrant youth movements Christian missionaries in China an elderly man with dementia two women coming home to queer identity a White researcher working with Black women in the US the common ground between Dogen's Zen teachings and Habermas's critical theory an Albanian Sufi community in Michigan and interactions between humans and the natural world It also includes theoretical writing on the place of love in social analysis whether this involves relationships between researchers and participants or the nature of human connection itself The authors argue that social

research is an affective process as well as a cognitive one and that fellow feeling is an essential component of making sense of the world Along with more traditional scholarly forms the contributors to this book use auto ethnography life stories archival research and poetry noting that style itself conveys information and emotion Writing is always to some extent partisan While anthropologists and other social researchers have explored this idea over the last few decades they have more often explored it with an eye to critique than to the ideals underlying that critique This is a collection of essays about what ethnographers are aiming for as well as the problems they address and the authors discuss ethical principles like agape hizmet and cari o as rationales for ethnography and rationales for social change

Christine M. Larson,2025-09-16 Lessons in creative labor solidarity and inclusion under precarious economic conditions As writers musicians online content creators and other independent workers fight for better labor terms romance authors offer a powerful example and a cautionary tale about self organization and mutual aid in the digital economy In Love in the Time of Self Publishing Christine Larson traces the forty year history of Romancelandia a sprawling network of romance authors readers editors and others who formed a unique community based on openness and collective support Empowered by solidarity American romance writers once disparaged literary outcasts became digital publishing s most innovative and successful authors Meanwhile a new surge of social media activism called attention to Romancelandia s historic exclusion of romance authors of color and LGBTQ writers forcing a long overdue cultural reckoning Drawing on the largest known survey of any literary genre as well as interviews and archival research Larson shows how romance writers became the only authors in America to make money from the rise of ebooks increasing their median income by 73 percent while other authors plunged by 40 percent The success of romance writers Larson argues demonstrates the power of alternative forms of organizing influenced by gendered working patterns It also shows how networks of relationships can amplify or mute certain voices Romancelandia s experience Larson says offers crucial lessons about solidarity for creators and other isolated workers in an increasingly risky employment world Romancelandia s rise and near meltdown shows that gaining fair treatment from platforms depends on creator solidarity but creator solidarity in turn depends on fair treatment of all members

Love in a Time of Slaughters Susan McHugh,2019-04-29 Love in a Time of Slaughters examines a diverse array of contemporary creative narratives in which genocide and extinction blur species lines in order to show how such stories can promote the preservation of biological and cultural diversity in a time of man made threats to species survival From indigenous novels and Japanese anime to art installations and truth commission reports Susan McHugh analyzes source material from a variety of regions and cultures to highlight cases where traditional knowledge works in tandem with modern ways of thinking about human animal relations In contrast to success stories of such relationships the narratives McHugh highlights show the vulnerabilities of affective bonds as well as the kinds of loss shared when interspecific relationships are annihilated In this thoughtful critique McHugh explores the potential of these narratives to become a more powerful urgent strategy of

novelist William Godwin ignited a transatlantic scandal with *Memoirs of the Author of A Vindication of the Rights of Woman*. Most controversial were the details of the romantic liaisons of Godwin's wife Mary Wollstonecraft with both American Gilbert Imlay and Godwin himself. Wollstonecraft's life and writings became central to a continuing discussion about love's place in human society. Literary radicals argued that the cultivation of intense friendship could lead to the renovation of social and political institutions, whereas others maintained that these freethinkers were indulging their own desires with a disregard for stability and higher authority. Through correspondence and novels, Andrew Cayton finds an ideal lens to view authors, characters, and readers all debating love's power to alter men and women in the world around them. Cayton argues for Wollstonecraft's and Godwin's enduring influence on fiction published in Great Britain and the United States and explores Mary Godwin Shelley's endeavors to sustain her mother's faith in romantic love as an engine of social change.

Christianity in a Time of Climate Change Kristen Poole, 2020-04-17 What does climate change have to do with religion and spirituality? Even though a changing environment will have a dire impact on human populations, affecting everything from food supply to health to housing, the vast majority of Americans do not consider climate change a moral or a religious issue. Yet the damage of climate change, a phenomenon to which we all contribute through our collective carbon emissions, presents an unprecedented ethical problem, one that touches a foundational moral principle of Christianity: Jesus's dictate to love the neighbor. This care for the neighbor stretches across time as well as space. We are called to care for the neighbors of the future as well as those of the present. How can we connect the ethical considerations of climate change, the knowledge that our actions directly or indirectly cause harm to others, to our individual and collective spiritual practice? *Christianity in a Time of Climate Change* offers a series of reflective essays that consider the Christian ethics of climate change and suggest ways to fold the neighbors of the future into our spiritual lives as an impetus to meaningful personal, social, and ultimately environmental transformations.

Love in a Time of Loneliness Paul Verhaeghe, 2018-04-17 The first essay, *The Impossible Couple*, is both a humorous and razor-sharp analysis of the contemporary relationship between man and woman. In the second essay, *Fleeing Fathers*, the author demonstrates that today the Freudian Oedipus complex has disappeared with a resulting shattering of classic gender roles. Post-modern morals are strange compared to previous morality because they convey an obligation to enjoy. Things become even stranger when one finds that the expected enjoyment fails to come and instead of that, we are faced with boredom, anxiety, and anger. The author reconsiders the opposition between Eros and Thanatos as an opposition between two forms of sexual pleasure. The fact that this opposition is ever present in heterosexual love demonstrates that gender differentiation goes beyond temporal, cultural forms. Accessibly written and provocatively argued, *Love in a Time of Loneliness* is a polemic whose very informality belies its serious intent. In these three fascinating

essays The author leaves the ordinary paths of thinking and sets out to discover what drives us in sex and love *Love in a Time of Climate Change* Sharon Delgado, 2026-01-13 *Love in a Time of Climate Change* Revised Edition challenges readers to develop a loving response to climate change Sharon Delgado argues that love of God and neighbor requires us to honor creation and establish justice for all creation In the revised edition Delgado further explores how to live in the urgency of our time on Earth
