Wordsworth s romantic critique of industrial life and society was backward looking His Golden Age ideal of pastoral life and rural relationships falls within the scope of English populism as found among the middle ranks of small independent producers and their idealogues Furthermore his rural education and up bringing in the remote North of England explain his long term shift from radical and whig reformer to tory placeman in the years 1789 to 1832 as well as his relative demise as a poet      **Correct English and Current Literary Review ...** ,1920      **Resources in Education** ,1997      *Stanford Reference Catalogue* Edward Stanford Ltd,1968      **Bradshaw's continental [afterw.] monthly continental railway,**
