Highlights The Regression Trilogy Barry Oliver,2021-02-19 Barry Oliver's three part Regression Trilogy is a fabulous story of a very special DayCare centre Buttons and Blocks where most but not all of the clients are adults who have been regressed to infants and toddlers Danger intrigue and adventure find each of our protagonists as we learn more about the mysterious technology that can give what adult babies have always wanted physical regression to infancy But is it all that we would hope for The three books are The Rehab Regression The Daycare Regression The Reporter Regression The Reporter Regression Barry Oliver,2020-12-10 Tim Lansing is a reporter running for his life After exposing the powerful Mansford mafia family and nearly but not quite sending its leader Julius Mansford to prison Mr Lansing must run from town to town barely a step ahead of his hunters Tim's latest move lands him in the small college town of Centerville home to a drug rehabilitation center called Forever Free The last thing Tim wants is to draw attention to himself but the investigative reporter in him cannot resist looking into stories of missing persons last seen admitted to Forever Free He expects to find the center does not offer a 100% cure as advertised but rather the missing clients have returned to their drug use and either died or moved away The rehab Director Donald Miles however has other plans for the meddling reporter and decides to make a therapeutic intervention Tim wakes up one day in the body of a 15 month old baby a toddler with the charming nickname of Timmy Turtle living at a daycare center Buttons Blocks Life in diapers pacifiers bottles and cribs is quite a radical change for the 35 year old reporter but Tim decides to play along until he can figure out just what the heck happened to him an event he has no memory of Through careful observation and well placed questions Tim is able to determine the relation between Forever Free and Buttons Blocks they are transforming adult drug addicts into infants and toddlers with little or no memory of their previous lives Tim is able to play along that is until he is introduced to a lovely family that wants to adopt him He decides it is time to escape But there is a problem Assuming Tim can figure out how to return to his adult self he will immediately be hunted by the mafia again Does he risk a life on the run that will ultimately end in his murder or does he choose the life of Timmy Turtle with two great parents and adoring siblings Forces beyond his control will force Tim to take action and neither Tim's life nor the world of Buttons Blocks will ever be the same again *The Reporter Regression - nappy version* Barry Oliver,2021-03-03 Barry Oliver's gripping first book The Rehab Regression now continues with a new story

centered once more on the Buttons and Blocks daycare center The Daycare Regression Summer and Elise are in their senior year of college and best friends Elise is studying social work while Summer plans on going into early childhood education Currently Summer has a most unique part time job at a daycare center called Buttons Blocks which partners with a drug rehab center called Forever Free Together they offer a 100% cure for their drug addicted clients by physically regressing them into infants and toddlers still in nappies with no memory of their drug addicted past To prove this incredible claim to her skeptical friend Summer regresses Elise into a 2 year old girl for one day Elise is immediately hooked She enjoys the experience of being in the body of a young child so much that she asks to return again and again But what happens when the power to cure is misused for the power to silence its critics Elise soon finds herself trapped in a toddler s body unable to return as one by one the people who would help her escape are themselves transformed into helpless babies She must try to figure out who is behind this and if they can be stopped all while trying to escape the trappings of early childhood including the inexorable regression of her own mind into that of an actual 2 year old child That s a lot for a mere toddler to accomplish Will she run out of time As it turns out help sometimes comes from unexpected directions Michael W.
