Good House Hunting Dennis Wedlick, Philip Langdon, 2024-05-21 Without a doubt the most important investment of your life will be your home No other purchase will matter more to your lifestyle financial future and personal well being It is never too late or too soon to set a course for creating a home that will provide the maximum return and fulfill your dreams With step by step instruction Good House Hunting will take you on an inspirational and practical journey to finding your dream home both within your imagination and out in the real estate world For home buyers Good House Hunting will help you navigate the complex process of finding the property with the greatest potential For home owners Good House Hunting provides the framework to help you maximize your current property For dreamers Good House Hunting sets out the course for dream home planning so when you are ready you will have a plan If you long to discover what home would be a worthy investment for improving your fortunes and accomplishing your dreams Good House Hunting is for you Dwell, 2005-12 At Dwell we re staging a minor revolution We think that it s possible to live in a house or apartment by a bold modern architect to own furniture and products that are exceptionally well designed and still be a regular human being We think that good design is an integral part of real life And that real life has been conspicuous by its absence in most design and architecture magazines *A Home of Your Own*, 1991 **Dwell**, 2005-12 At Dwell we re staging a minor revolution We think that it s possible to live in a house or apartment by a bold modern architect to own furniture and products that are exceptionally well designed and still be a regular human being We think that good design is an integral part of real life And that real life has been conspicuous by its absence in most design and architecture magazines **Psychoanalysis and the Artistic Endeavor** Lois Oppenheim, 2015-02-11 Psychoanalysis and the Artistic Endeavor offers an intriguing window onto the creative thinking of several well known and highly creative individuals Internationally renowned writers painters choreographers and others converse with the author about their work and how it has been informed by their life experience Creative process frames the discussions but the topics explored are wide ranging and the interrelation of the personal and professional development of these artists is what comes to the fore The conversations are unique in providing insight not only into the art at hand and into the perspective of each artist on his or her own work but into the mind from which the work springs The interviews are lively in a way critical writing by its very nature is not rendering the ideas all that much more accessible The transcription of the live interview reveals the kind of reflection censored elsewhere the interplay of personal experience and creative process that are far more self consciously shaped in a text written for print Neither private conversation nor public lecture neither crafted response as to the media nor freely associative discourse as in the analytic consulting room these interviews have elements of all The volume guides the reader toward a deeper psychologically oriented understanding of literary and visual art and it engages the reader in the honest and often provocative revelations of a number of fascinating artists who pay testimony to their work in a way no one else can This is a unique collection of

particular interest for psychoanalysts scholars and anyone looking for a deeper understanding of the creative process
