Governance Accountability And The Future Of The Catholic Church:

Governance, Accountability, and the Future of the Catholic Church Francis Oakley, Bruce Russett, 2004
Proceedings of a conference held Mar 28 30 2003 at Yale University Includes bibliographical references p 203 228 and index

The ^ACrisis of Authority in Catholic Modernity Michael J. Lacey, Francis Oakley, 2011-04-06 It is fairly clear that while Rome continues to teach as if its authority were unchanged from the days before Vatican II 1962 65 the majority of Catholics within the first world church at least take a far more independent line and increasingly understand themselves rather than the church as the final arbiter of decision making especially on ethical questions This collection of essays explores the historical background and present ecclesial situation explaining the dramatic shift in attitude on the part of contemporary Catholics in the U S and Europe Catholic Theological Ethics, Past, Present, and Future James F. Keenan, 2011 Theological ethicists confront key questions and issues from around the globe to provide a state of the art volume in 21st century moral theology **Best Practices in Catholic Church Ministry Performance Management** Charles Zech, 2010-06-23 The Church is not a business but it does have a stewardship responsibility to ensure that all of its resources are used as effectively as possible to carry out God's work on earth In the case of human resource assets good stewardship involves assisting those engaged in ministry whether clerical or lay to achieve their greatest potential through the various components of performance management including performance assessment This unique collection brings together both scholars and practitioners who tackle the tricky questions related to the performance management of lay Church workers and clergy priests and deacons Performance management is multi faceted ranging from issues about hiring job descriptions performance criteria performance appraisal formation and firing procedures As a charitable organization the Church is subject to the same civil law employment regulations as companies in the private sector Contributors demonstrate that Canon Law and Church tradition supports the performance management of Church ministers including clergy This is a valuable resource for programs in church ministry pastoral administration and in the emerging field of church management

Christ and the Catholic Priesthood Matthew Levering, 2010 The Catholic Periodical and Literature Index , 2004
A History of Catholic Moral Theology in the Twentieth Century James F. Keenan, 2010-01-17 This is an historical survey of
20th Century Roman Catholic Theological Ethics also known as moral theology The thesis is that only through historical
investigation can we really understand how the most conservative and negative field in Catholic theology at the beginning of
the 20th could become by the end of the 20th century the most innovative one The 20th century begins with moral manuals
being translated into the vernacular After examining the manuals of Thomas Slater and Henry Davis Keenan then turns to
three works and a crowning synthesis of innovation all developed before during and soon after the Second World War The
first by Odon Lottin asks whether moral theology is adequately historical Fritz Tillmann asks whether it s adequately biblical
and Gerard Gilleman whether it s adequately spiritual Bernard Haering integrates these contributions into his Law of Christ

Of course people like Gerald Kelly and John Ford in the US are like a few moralists elsewhere classical gate keepers censoring innovation But with Humanae vitae and successive encyclicals bishops and popes reject the direction of moral theologians At the same time moral theologians like Josef Fuchs ask whether the locus of moral truth is in continuous universal teachings of the magisterium or in the moral judgment of the informed conscience In their move toward a deeper appreciation of their field as forming consciences they turn more deeply to local experience where they continue their work of innovation Each continent subsequently gives rise to their own respondents In Europe they speak of autonomy and personalism in Latin America liberation theology in North America Feminism and Black Catholic theology and in Asia and Africa a deep post colonial interculturatism At the end I assert that in its nature theological ethics is historical and innovative seeking moral truth for the conscience by looking to speak crossculturally Towards a Truly Catholic Church Thomas P. Rausch, 2005 Ecclesiology which takes into account the Second Vatican Council ecumenism and globalization Provided by publisher Clergy Sexual Abuse Claire M. Renzetti, Sandra Yocum, 2013-06-11 This book brings together experts primarily from the fields of criminology criminal justice law and social work but also cultural anthropology and psychology to analyze clergy sexual abuse from the perspective of their individual disciplines Contributors examine the latest data and analyses on the scope and impact of clergy sexual abuse frame the problem in terms of sociological and criminological theories of crime and deviance explore the social and legal issues the problem raises for the personal and communal life of faith communities and discuss possibilities for reform reconciliation and healing Covering sexual abuse of both minors and adults chapters not only focus on the Catholic Church but also examine Christian faith traditions more generally The editors introductory chapter identifies points of agreement and divergence among the essays develops a coherent overview of the problem and presents viable solutions to it **Theology without Borders** Leo D. Lefebure, 2022-06-01 Peter C Phan's contributions to theology and pioneering work on religious pluralism migration and Christian identity have made a global impact on the field The essays in Theology without Borders offer a variety of perspectives across Phan's fundamental work providing an overview for anyone interested in his body of work and its influence American Catholics Today William V. D'Antonio, 2007 American Catholics Today presents trends in American Catholic opinion from 1987 to 2005 using four identical surveys These surveys depict trends in Catholics views of the sacraments church authority church teachings in the area of sex and gender and strength of Catholic identity This book suggests that the future will see more Catholics making decisions about their own faith and fewer Catholics who are fervently committed to church life Democracy in the Christian Church Luca Badini Confalonieri, 2012-05-10 Are church structures divinely willed and consequently both permanent and irreversible Can Christians modify the polity of their church like they do with that of civil society What would be the role of the office of oversight in a Christian church democratically organized What would its relationship with specialized authorities within the community be Building on a remarkable number of specialist studies in exegesis church history political philosophy canon

law and ecclesiology this book convincingly fulfils three goals First it encourages Christians to determine the political outlook of their faith community Secondly it provides some fundamental criteria for judging the ethical value of church structures on the basis of Bernard Lonergan's cognitional theory and with the help of recent insights from contemporary political philosophy Thirdly it outlines a largely novel and groundbreaking understanding of a democratic church In the process it engages with some of the most difficult ecclesiological issues faced by most Christian churches **Here Comes Everybody** William C. Graham, 2009 Some of these essays were first delivered as lectures in the Here Comes Everybody series to inaugurate the establishment of the Braegelman Program of Catholic Studies at The College of St Scholastica in Duluth Minnesota The authors gathered here begin to suggest something of the depth and breadth of the living Catholic Intellectual Tradition They are leading the way in new and important discussions These programs are about more than Catholic institutions exploring and asserting their identity Surely those involved seek rigorous engagement with the Catholic Intellectual Tradition examining religious ideas and ideals and participating in the study of Catholic thought and culture They seek dialogue with Catholics of all mind sets with Christians from other denominations believers from other faith traditions and all who seek the truth Book Jacket **Repair My House** Michael H. Crosby, 2012 Repair my house From a crucifix in a ruined chapel St Francis heard this instruction which set him on a mission of evangelical renewal In the light of unprecedented crisis afflicting the Catholic church Michael Crosby calls us all to undertake a wholesale project of repair and renewal The crisis is visible in the sex abuse scandal and the questions it has raised about internal structures of authority and clerical culture Meanwhile a spate of new atheists has challenged traditional worldviews. The percentage of those identifying themselves as former Catholics grows at an alarming rate In response Fr Crosby sees a challenge to return to the core evangelical message of Jesus Christ This message is supported not contradicted by discoveries in science and cosmology He envisions a new way of being Catholic and a set of practices that draws on the contemplative compassionate and life giving spirit of the Kingdom that God's will may be realized on earth as it is in heaven The Oxford History of British and Irish Catholicism, Volume V Alana Harris, James Edward Kelly, John David McCafferty, 2023 The fifth volume of The Oxford History of British Irish Catholicism which assembles synoptic chapters from leading historians of modern Catholicism offers a comprehensive and accessible overview of the changing contours of the Church on two islands and with connections across the world throughout the twentieth century Doing Good, Well Dr. Craig A. Bell, 2020-03-20 This book is an attempt to synthesize the logic of mathematics organizational behavioral management policy of an MBA and ecclesial scholarship of a Doctorate of Strategic Leadership into the pages of one book This book begins with the premise that similar to corporate leaders faith based leaders are also capable of implementing these skills and resources to maximize the efficiency of church organizations It is critical that they have a full toolkit of resources to leverage when administering their organizations It also acknowledges and recognizes that a life fully engaged in active ministry doesn t necessarily allow time to pursue degrees in

each of the aforementioned subjects As a result Dr Bell has attempted to create a medium through which ecclesial practitioners and scholars may review these various topics to obtain insight Similar to survey courses in college readers should see it as a beginning point for further exploration Take from it what you will and apply it to your God given vision Use it as a springboard to the progressively revealed Will of God for the effective administration of your call to Catholicism Lawrence S. Cunningham, 2009-02-16 The Vatican The Inquisition Contraception Celibacy Apparitions and miracles Plots and scandals The Catholic Church is seldom out of the news But what do its one billion adherents really believe and how do they put their beliefs into practice in worship the family and society This down to earth account goes back to the early Christian creeds to uncover the roots of modern Catholic thinking It avoids getting bogged down in theological technicalities and throws light on aspects of the Church's institutional structure and liturgical practice that even Catholics can find baffling why go to confession How are people made saints What is infallible about the Pope Topics addressed include scripture and tradition sacraments and prayer popular piety personal and social morality reform mission and interreligious dialogue Lawrence Cunningham a theologian prize winning writer and university teacher provides an overview of Catholicism today which will be indispensable for undergraduates and lay study groups **Ecumenism and the Call to Catholic Learning** Paul Murray, 2010-05-06 This volume proposes a fresh strategy for ecumenical engagement Receptive Ecumenism that is fitted to the challenges of the contemporary context and has already been internationally recognised as making a distinctive and important new contribution to ecumenical thought and practice Beyond this the volume tests and illustrates this proposal by examining what Roman Catholicism in particular might fruitfully learn from its ecumenical others Challenging the tendency for ecumenical studies to ask whether explicitly or implicitly What do our others need to learn from us this volume presents a radical challenge to see ecumenism move forward into action by highlighting the opposite question What can we learn with integrity from our others This approach is not simply ecumenism as shared mission or ecumenism as problem solving and incremental agreement but ecumenism as a vital long term programme of individual communal and structural conversion driven like the Gospel that inspires it by the promise of conversion into greater life and flourishing The aim is for the Christian traditions to become more not less than they currently are by learning from or receiving of each other s gifts The 32 original essays that have been written for this unique volume explore these issues from a wide variety of denominational and disciplinary perspectives drawing together ecclesiologists professional ecumenists sociologists psychologists and organizational experts **Conciliarism** Paul Valliere, 2012-02-09 A comprehensive introduction to conciliarism decision making and conflict resolution in the history of the Christian church Communion, Diversity, and Salvation Brian Flanagan, 2011-06-09 Questions surrounding the understanding of communion are a significant feature of much contemporary ecclesiology but their prominence calls attention to wider questions regarding ecclesiological method Brian Flanagan addresses the questions of how to characterize

a systematic ecclesiology and the possibility of a systematic communion ecclesiology through an investigation of the concept of communion in the work of Jean Marie Tillard OP Tillard's theology is noted as the most prominent Roman Catholic communion ecclesiology Flanagan argues that Tillard contributes to systematic ecclesiology by defining the concept of communion in relation to Christology soteriology and theological anthropology thereby framing an answer to the contemporary question of ecclesial unity and diversity The book also assesses the danger of idealism in Tillard's thought and suggests that further engagement with social scientific study of the church will help strengthen nuance and critique Tillard's idea of communion
