Golden Apples Of The Sun The:

The Golden Apples of the Sun Ray Bradbury,1990 One of a series of fiction for schools The captain who takes a rocket to the sun to bring back a cup full of sunlight and the girl looking for love who travels through a balmy spring night into bodies not her own are just two of the characters in this collection of fantasy stories *The Golden Apples of the Sun* Ray Bradbury,1997-11-01 Ray Bradbury is a modern cultural treasure His disarming simplicity of style underlies a towering body of work unmatched in metaphorical power by any other American storyteller And here presented in a new trade edition are thirty two of his most famous tales prime examples of the poignant and mysterious poetry which Bradbury uniquely uncovers in the depths of the human soul the otherworldly portraits of our fascination which spring from the canvas of one of the century's great men of imagination From a lonely coastal lighthouse to a sixty million year old safari from the pouring rain of Venus to the ominous silence of a murder scene Ray Bradbury is our sure handed guide not only to surprising and outrageous manifestations of the future but also to the wonders of the present that we could never have imagined on our own Ray Bradbury is a modern cultural treasure His disarming simplicity of style underlies a towering body of work unmatched in metaphorical power by any other American storyteller And here presented in a new trade edition are thirty two of his most famous tales prime examples of the poignant and mysterious poetry which Bradbury uniquely uncovers in the depths of the human soul the otherworldly portraits of our fascination which spring from the canvas of one of the century's great men of imagination From a lonely coastal lighthouse to a sixty million year old safari from the pouring rain of Venus to the ominous silence of a murder scene Ray Bradbury is our sure handed guide not only to surprising and outrageous manifestations of the future but also to the wonders of the present that we could never have imagined on our own **The Golden Apples of the Sun** Bridget Taylor,2008 **Golden Apples of the Sun** Ian Wood,2023-12-24 One day a beautiful golden comet streaked across the sky of Earth and from it came the strangest thing apple trees that weren't real trees and golden apples that weren't real gold They spread all over Earth from the Arctic to Zanzibar from the Amazon to the Zambesi What was going on here The aim of the aliens might surprise you but don't focus on that Focus on the beauty of their gift Note that this book is entirely unrelated to Ray Bradbury's *The Golden Apples of the Sun* which took its name as I do from W B Yeats's poem *The Song of Wandering Aengus* **Golden Apples of the Sun** R.
