need to know is here in this book The Shame of the Nation Jonathan Kozol, 2005-09-13 The nation needs to be confronted with the crime that we are committing and the promises we are betraying This is a book about betrayal of the young who have no power to defend themselves It is not intended to make readers comfortable Over the past several years Jonathan Kozol has visited nearly 60 public schools Virtually everywhere he finds that conditions have grown worse for inner city children in the 15 years since federal courts began dismantling the landmark ruling in Brown v Board of Education First a state of nearly absolute apartheid now prevails in thousands of our schools The segregation of black children has reverted to a level that the nation has not seen since 1968 Few of the students in these schools know white children any longer Second a protomilitary form of discipline has now emerged modeled on stick and carrot methods of behavioral control traditionally used in prisons but targeted exclusively at black and Hispanic children And third as high stakes testing takes on pathological and punitive dimensions liberal education in our inner city schools has been increasingly replaced by culturally barren and robotic methods of instruction that would be rejected out of hand by schools that serve the mainstream of society Filled with the passionate voices of children and their teachers and some of the most revered and trusted leaders in the black community The Shame of the Nation is a triumph of firsthand reporting that pays tribute to those undefeated educators who persist against the odds but directly challenges the chilling practices now being forced upon our urban systems by the Bush administration In their place Kozol offers a humane dramatic challenge to our nation to fulfill at last the promise made some 50 years ago to all our youngest citizens From The Shame of the Nation I went to Washington to challenge the soft bigotry of low expectations the president said in his campaign for reelection in September 2004 It's working It's making a difference It is one of those deadly lies which by sheer repetition is at length accepted by large numbers of Americans as perhaps a rough approximation of the truth But it is not the truth and it is not an innocent misstatement of the facts It is a devious appeasement of the heartache of the parents of the poor and if it is not forcefully resisted and denounced it is going to lead our nation even further in a perilous direction Also available as a Random House AudioBook and an eBook
