

The background image is a composite. The top half shows a dense city skyline, likely New York City, with various skyscrapers silhouetted against a dramatic, orange-hued sunset sky. The bottom half shows a large crowd of people, seen from behind, walking along a wooden pier or boardwalk that extends into a body of water. The overall mood is contemplative and inspiring.

The journey in discovering your true identity in the kingdom of God is an eternal journey. There is no end to the depths of who God made you to be.

**A Road to Self Knowledge** Rudolf Steiner, 2023-01-31 It is the endeavour of this treatise to convey spiritual scientific knowledge concerning the being of man The method of representation is arranged in such a way that the reader may grow into what is depicted so that in the course of reading it becomes for him a kind of self conference If this soliloquy takes on such a form that thereby hitherto concealed forces which can be awakened in every soul reveal themselves then the reading leads to a real inner work of the soul and the latter can see itself gradually urged on to that soul journeying which truly advances towards the beholding of the spiritual world What has to be imparted therefore has been given in the form of eight Meditations which can be actually practised If this is done they can be adapted for imparting to the soul through its own inner deepening that about which they speak It has been my aim on the one hand to give something to those readers who have already made themselves conversant with the literature dealing with the domain of the supersensible as it is here understood
