Good Girls With Bad Boys:

Bad Boys Love Good Girls Porscha Sterling, 2019-01-16 Can the right woman really make a bad boy change Janelle and Outlaw's love story was birthed through struggles that neither one of them ever saw coming but just when they thought they'd reached their happily ever after their picture perfect love story comes crumbling down Janelle's dreams are all set to come true when she gets the chance to become the District Attorney of New York City The only thing making her have second thoughts is the fact that she's married to the city's ultimate bad boy Luke Outlaw Murray With no one around who understands her ambitious goals she finds a friend in a woman who truly only wants to bring her down The saying keep your friends close and your enemies closer always rings true but once Janelle finally realizes that her enemy is right in front of her will it be too late Luke Outlaw Murray is the bad boy who no one ever imagined could be tamed Now that he's a family man his reckless lifestyle has changed but the savage in him is very much alive With Janelle focused on her own dreams he turns his attention back to running the streets only to meet someone he would have never expected Chloe Harvarty the sister of Chris Harvarty a man whose life he ended in order to protect the woman he loved His guilt plagues him when he sees the way that his actions have utterly devastated her life and against his better nature he's caught up feeling obligated to help a woman he begins to feel responsible for When a simple friendship begins to cross the line over into a lane that he knows he shouldn't explore will Outlaw stand strong or will he turn back into his old self and fall back into his womanizing ways

Bad Boys Love Good Girls 2 Porscha Sterling, 2019-05-28 Once a good girl goes bad she's gone forever After a job gone wrong two fates are left hanging in the balance one being Outlaw's oldest brother and the other an innocent child Although Outlaw knows that things often happen beyond his control he can't help but to think that he's partly to blame for putting Chloe in a situation that has led to Isaiah fighting for his life With a wife and child of his own his outlook has greatly changed and it's affecting him in ways that he's never experienced before When he finds himself in a situation that he never intended and takes things with Chloe beyond a simple platonic relationship he realizes that the only woman he should be worried about is the one whom he gave his last name But by then will he have lost everything From the looks of things Janelle is a shoe in to become the next District Attorney of New York City but the level of scrutiny and criticism of the decisions she's made in her personal life have her wondering if this new career path is one that she really wants to take All of her life she's followed in the footsteps of her father the man she has looked up to since she was a little girl but a series of events turns her life upside down and she's left confused Are the career choices she's made really part of her dream or someone else's In this final chapter of the Bad Boys series tragedy strikes in multiple ways forcing Janelle and Outlaw to come to terms with who they really are With infidelity in the mix Janelle's bitterness becomes her best friend and she's consumed with her need to take revenge on everyone who played a part in destroying her picture perfect life Will vengeance be enough or will it only lead to more misery in the end

2012 World Bank,2011-09-01 This year's World Development Report looks at facts and trends regarding the various dimensions of gender equality in the context of the development process **World Development Report 2012** The International Bank for Reconstruction and Development / The World Bank The International Bank for Reconstruction and Development / The World Bank,2011-09-28 The lives of women around the world have improved dramatically at a pace and scope difficult to imagine even 25 years ago Women have made unprecedented gains in rights education health and access to jobs and livelihoods More countries than ever guarantee equal rights in property marriage and other domains Gender gaps in primary schooling have closed in many countries while in a third of all countries girls now outnumber boys in secondary school And more young women than men attend universities in 60 countries Women are using their education to participate more in the labor force they now make up for 40 percent of the global labor force and 43 percent of its farmers Moreover women now live longer than men in every region of the world Despite the progress gaps remain in many areas Women are more likely to die relative to males in many low and middle income countries than their counterparts in rich countries especially in childhood and during their reproductive years Primary and secondary school enrollments for girls remain much lower than for boys in many Sub Saharan African countries and some parts of South Asia as well as among disadvantaged populations Women are more likely than men to work as unpaid family laborers or in the informal sector to farm smaller plots and grow less profitable crops operate in smaller firms and less profitable sectors and generally earn less Women especially poor women have less say over decisions and less control over household resources And in most countries fewer women participate in formal politics than men and are underrepresented in the upper echelons The World Development Report 2012 Gender Equality and Development argues that closing these persistent gender gaps matters It matters because gender equality is a core development objective in its own right But it is also smart economics Greater gender equality can enhance productivity improve development outcomes for the next generation and make institutions more representative Building on a growing body of knowledge on the economics of gender equality and development the Report identifies the areas where gender gaps are most significant both intrinsically and in terms of their potential development payoff and where growth alone cannot solve the issues It then sets forth four priorities for public action Reducing excess female mortality and closing education gaps where they remain Improving access to economic opportunities for women Increasing women's voice and agency in the household and in society Limiting the reproduction of gender inequality across generations **The**
