# AP Pacing Guide for Flipped Classrooms: Jan.–April 2021

## Overview

Due to the challenges associated with hybrid and remote learning in 2020–21, a significant amount of the content and skills colleges are requiring for credit will likely need to be assigned to students as homework or independent learning. This guide allows students who are currently behind to complete all course topics from the course and exam description by May. This guide assumes students will complete approximately 30 minutes of AP Daily videos (~10 minutes each) and topic questions each day (in addition to other assignments teachers give them).

## How to Implement

Here is guidance for implementing this pacing guide:

- Teachers should **assign the AP Daily videos and topic questions** listed below as student assignments each week.
- Using the reports generated by the topic questions, teachers should focus their limited, direct class time on the Learning Objectives where students need more help.
- If students are ahead of the pace indicated below, teachers will be able to incorporate additional days or weeks to spend more time on challenging topics, practicing course skills, or reviewing for the exam.

Noblit, 2015-03-17 This book is written for the Millennial Generation to educate them about what school desegregation was actually about the struggle over white domination in the United States The textbooks they read as high school students describe the heroic efforts of African Americans to achieve civil rights but do not describe who was denying them these rights white Americans The oral histories in this book reveal how individuals navigated efforts to achieve educational equity amidst efforts to reassert white domination These accounts counter the textbook history the Millennial Generation read which omits the massive white resistance to school desegregation the various ways whites used subterfuge to slow down and redirect school desegregation

in what would more benefit whites and the concerted white political backlash that has been ensconced in educational policy and reform beginning with A Nation at Risk and continuing in No Child Left Behind That is educational policy as we know it is all about asserting white domination and not about educating children and thus the Millennial Generation is faced with undoing what their parents and grandparents have done
