Congress, 2nd Session United States. Congress. House. Committee on Un-American Activities,1954 **Human Liberty and Freedom of Speech** C. Edwin Baker,1992-10-01 Although an inchoate liberty theory of freedom of speech has deep roots in Supreme Court decisions and political history it has been overshadowed in judicial decisions and scholarly commentary by the marketplace of ideas theory In this book Baker critiques the assumptions required by the marketplace of ideas theory and develops the liberty theory showing its philosophical soundness persuasiveness and ability to protect free speech He argues that First Amendment liberty rights as well as Fourteenth Amendment equality rights required by political or moral theory are central to the possibility of progressive change Problem areas are examined including the question of whether individual political and civil rights can in principle be distinguished from property rights freedom of the press and the use of public spaces for expressive purposes Decisions and Orders of the National Labor Relations Board United States.
