 material culture in local national transnational and global contexts **Eat My Words** Janet Theophano,2016-01-26 Some
 people think that a cookbook is just a collection of recipes for dishes that feed the body In *Eat My Words* Reading Women's
 Lives through the Cookbooks They Wrote Janet Theophano shows that cookbooks provide food for the mind and the soul as
 well Looking beyond the ingredients and instructions she shows how women have used cookbooks to assert their
 individuality develop their minds and structure their lives Beginning in the seventeenth century and moving up through the

present day Theophano reads between the lines of recipes for dandelion wine Queen of Puddings and half pound cake to capture the stories and voices of these remarkable women The selection of books looked at is enticing and wide ranging Theophano begins with seventeenth century English estate housekeeping books that served as both cookbooks and reading primers so that women could educate themselves during long hours in the kitchen She looks at *A Date with a Dish* a classic African American cookbook that reveals the roots of many traditional American dishes and she brings to life a 1950s cookbook written specifically for Americans by a Chinese migr and transcribed into English by her daughter Finally Theophano looks at the contemporary cookbooks of Lynne Rosetto Kaspar Madeleine Kamman and Alice Waters to illustrate the sophistication and political activism present in modern cookbook writing Janet Theophano harvests the rich history of cookbook writing to show how much more can be learned from a recipe than how to make a casserole roast a chicken or bake a cake We discover that women s writings about food reveal and revel in the details of their lives families and the cultures they help to shape

Stories from Home Dr Margaret Ponsonby, 2013-06-28 Most homes in the past were not elite wealthy interiors complete with high fashion furnishings designed by well known architects and designers as many domestic histories often seem to have assumed As this book makes clear there were in fact an enormous variety of house interiors in England during the period 1750 1850 reflecting the location status and gender of particular householders as well as their changing attitudes tastes and aspirations By focusing on non metropolitan homes which represented the majority of households in England this study highlights the need for historians to look beyond prevailing attitudes that often reduce interiors to generic descriptions based on high fashions of the decorative arts Instead it shows how numerous social and cultural influences affected the manner in which homes were furnished and decorated Issues such as the availability of goods gender regional taste income the second hand market changing notions of privacy and household hierarchies and print culture could all have a significant impact on domestic furnishing The study ends with a discussion of how domestic interiors of historic properties have been presented and displayed in modern times highlighting how competing notions of the past can cloud as well as illuminate the issue Combining cultural history and qualitative analysis of evidence this book presents a new way of looking at ordinary and provincial homes that enriches our understanding of English domestic life of the late eighteenth and early nineteenth centuries

Tangled Journeys Lori D. Ginzberg, 2024-09-20 In 1830 Richard Walpole Cogdell a husband father and bank clerk in Charleston South Carolina purchased a fifteen year old enslaved girl Sarah Martha Sanders Before her death in 1850 she bore nine of his children five of whom reached adulthood In 1857 Cogdell and his enslaved children moved to Philadelphia where he bought them a house and where they became virtually overnight part of the African American middle class An ambitious historical narrative about the Sanders family *Tangled Journeys* tells a multigenerational multiracial story that is both traumatic and prosaic while forcing us to confront what was unseen unheard and undocumented in the archives and thereby inviting us into the process of American history making itself

Architectural Library of Columbia University. 2d Ed., Enl Avery Library, 1968 **Selling Shaker** Stephen Bowe, Peter Richmond, 2007-01-01 The simple yet striking lines of Shaker design grace much of the furniture we see in high end department stores and beautiful examples of it adorn the pages of Architectural Digest and House Beautiful How did this style evolve from its origins in a humble small religious community to the international design phenomenon it is today This illustrated study explores the emergence of the Shaker style and how it was vigorously promoted by scholars and artists into the prominence it now enjoys The heart of the Shaker style lies in the religious movement founded in the eighteenth century where Stephen Bowe and Peter Richmond begin their chronicle From there the authors chart the evolution of the style into the twentieth century particularly in the hands of design media scholars and art institutions These Shaker agents repositioned Shaker style continuously from local vernacular to high culture and then popular culture Drawing on a rich array of sources including museum catalogs contemporary design magazines and scholarly writings **Selling Shaker** illustrates in detail how the Shaker style entered the general design consciousness and how the original aesthetic was gradually diluted into a generic style for a mass audience A wholly original and fascinating study of American design and consumption **Selling Shaker** is a unique resource for collectors scholars and anyone interested in the cultural history of a design aesthetic
