Guide To Training Chastity:

Male Chastity Keyholder Guide Mistress Dede,2015-01-08 There is a lot of variety in the world of fetish and kink with limitless possibilities for creativity in sensual play Many people unfamiliar with this lifestyle immediately focus on the more obvious or superficial aspects like honorific nicknames or corsets and leather boots But for people who participate in fetishes as a lifestyle the practices and games are an essential part of their relationship with its own set of rules and standards One particularly interesting subculture within the world of kink is that of the female keyholder and her chastised male subordinate The phrase male chastity probably immediately spooks some men or excites others whether they are willing to admit it or not Either attitude is amusing to the sophisticated woman with a predilection for domination and control For submissive men there are many benefits to a male chastity arrangement The calculating domme will use all of her feminine charms to her advantage establishing a system of rules meant to keep her man under lock and key Literally The popularity of male chastity devices has soared in recent years and although this be taboo it s something many people talk about behind closed doors Conveniently hidden under clothes male chastity devices provide necessary restriction for the man and allowing his dominant complete control over his orgasms These devices are a valuable tool for the modern dominant woman and excellent for contemporary tease and denial games Exploring male chastity can be a fun new game for adventurous couples or a complete long term lifestyle for kinky pairs Whatever the relationship type employing a male chastity device sends a clear message he s on lockdown and she holds the key

Boon-Chai Tan,2023-05-25 There has been a marked increase of interest in the art of spiritual direction in recent decades Yet in many circles especially in ecumenical and interfaith contexts it is unclear what grounds the practice of this ancient art As a tradition s practice of spiritual direction expresses its particular theology which in turn is shaped by its unique history this work explains that ecumenical spiritual direction must make and retain the tri perspective of history theology and method that faithfully reflects each tradition s distinctives as requisite for true ecumenical enrichment The importance of this trinocular vision is brought into sharp focus through a comparative study of Ignatius of Loyola and John Calvin where points of continuity and discontinuity between the Ignatian and Reformed traditions underscore the importance of this work s thesis
