human capital commodity and cyclical firms      *Federal Register Index* ,1998      Hoover's Handbook of American Business ,1998      Companies that Mimic Life Joseph H. Bragdon,2017-09-08 Industrial capitalism is broken The signs which transcend national ideologies are everywhere climate change ecological overshoot financial exhaustion fraying social safety nets corporate fraud government deceit civic unrest terrorism and war But there is hope This book tells how transformation is taking root in the corporate world the last place many of us would look for solutions The book tells the stories of seven exceptional companies Their shared secret is a new mental model of the firm that is the virtual opposite of industrial capitalism Each company if not already a household name is a significant player within their industry and crucially has outperformed their competitors Lessons can be learned It works like this Instead of modeling themselves on the assumed efficiency of machines a thought process that emerged during the industrial age these firms model themselves on living systems Firms with open ethical inclusive traditions where employees have a voice and a stake in what happens have a distinct advantage over traditionally managed companies where most decisions are made at the top Understanding that everything of value ultimately arises from life they place a higher value on living assets people and Nature than they do on non living capital assets The energy they invest in stewarding those assets a practice described in the book as living asset stewardship LAS is transformative      **Developing Tailored Supply Strategies** Nancy Y. Moore,Clifford Anthony Grammich,Robert W. Bickel,2007 Purchased goods and services are an increasingly large proportion of public and private enterprise budgets Historically purchased goods and services have accounted for less than a third of an enterprise s budget but today many enterprises spend more than two thirds of their budgets on purchased goods and services Similarly the Air Force and the Department of Defense DoD spend nearly half their budgets for purchased goods and services and an additional sixth on weapon procurement with only a third going to military and civilian personnel costs See pp 1 6 Because of the growing importance of purchasing many enterprises have sought to develop supply strategies for their purchased goods and services This monograph is intended as a resource for procurement personnel developing supply strategies for the Air Force or DoD It does not analyze current military procurement practices but rather synthesizes academic business and professional literature on developing and applying supply strategies Its core is a synthesis of nearly a dozen different processes found in the literature      **Computerworld** ,2000-09-18 For more than 40 years Computerworld has been the leading source of technology news and information for IT influencers worldwide Computerworld s award winning Web site Computerworld com twice monthly publication focused conference series and custom research form the hub of the world s largest global IT media network      Hoover's Handbook of American Business Hoovers Inc,2006-12      Annual Reports 8 B.
