Handbook for the Humanistic Astrologer Michael R. Meyer, 2000-04 A Handbook for the Humanistic Astrologer is one of the most influential and widely read books on serious astrology published during the 20th century It was an immediate success when first published in 1974 and since 1987 it has been regarded as the most highly prized and sought after out of print astrological classic A handbook introduced astrology to a new generation of educated seekers turning to astrology not to know what will happen and how it can be avoided if it s unpleasant but to discover their innate potential and life purpose Readers first exposed to serious astrology through this volume figure largely among today s leading astrologers and astrological writers The volume not only changed the way we view astrology and what we expect from it A Handbook for the Humanistic Astrologer forever changed the look and feel of astrological literature and horoscope graphics It s concise format and presentation style has been emulated by numerous publications and its entirely original horoscope graphics first developed by the author during the 1960 s have been copied unacknowledged by countless astrological books horoscope calculation services and astrology software developers Founded upon the repeatedly proven premise that anyone can quickly learn the core principles of astrology and put them to use to improve ones life and relationships A Handbook for the Humanistic Astrologer intentionally avoids the usual cookbook format in favor of exploring astrology s fundamental concepts and principles In it and in his other works such as *The Astrology of Relationship* Michael R Meyer demonstrates his unmatched ability to make astrology accessible to everyone
