Poetry Project, 2002

Year of Morphines Betsy Brown, 2002-02-01 Betsy Brown is no stranger to loss Breast cancer runs rampant in her family both her mother and her thirty-two-year-old sister died of the disease and another sister has been diagnosed with its late stages Her father also fell victim to cancer this time pancreatic The poems in Brown's stunning first book pivot around the mechanisms we use in facing loss and fear whether those confrontations are as wrenching as a bone marrow transplant or as confused as a brief love In lyric verses with a driving narrative force the poet depicts loved ones coping with illness sometimes achieving recovery and reshaping a family From his hospital bed a father relates the color of his pain killers the in and out narcotic conversations of the doomed A woman recalls Baltimore where her sister received treatment as a city of doctors messy brain scans slick cobblestoned lanes thick with Christmas She returns to the spot where her sister's cremated remains were scattered relishing the secrets of ashes the clean wash of lake water like all the nights we sat with the little waves lapping An unusually intimate collection *Year of Morphines* is both a heartbreaking portrait of the process of death and encouraging evidence of life's perseverance

Theory of Devolution David Groff, 2002 With blazing wit and a searing language David Groff writes fiercely of erosion and endurance in this stunning debut collection At turns fervent and elegiac dishy and sly these poems confront the effect of AIDS and HIV on a brotherhood that dealt firsthand with grief and loss and later the tenuous prospect of survival Peopled with the spirits of dead gay men uncertain lovers mortal parents and spectral friends and brothers Groff's poems are unified by their preoccupation with what erodes us and what we can hold onto when life and love devolve *Theory of Devolution* is a book of balances alternately passionate and restrained headlong and meditative engaged and knowingly detached David Groff's territory is Chelsea and Fire Island at the end of a nightmare crisis but nowhere near the end of an epidemic How in such times to speak These pages give voice to an always-dying particular man examining the evidence of

loss and pleasure and the deep bonds of affection in poems alive with an odd crabbed pulse of beauty they refine to true detail Mark Doty David Groff s poems open our attention by a subtle unflinching love of human being The live known past spins sharp and fine in and out of the now of his vision His language exhilarates Marie Ponsot **Poetry** Harriet Monroe,2002 **Mixology** Adrian Matejka,2009-05-26 Selected for the 2008 National Poetry Series by Kevin Young The poems in Adrian Matejka s second collection Mixology shapeshift through the myriad meanings of mixing to explore and explode ideas of race skin politics appropriation and cultural identity Whether the focus of the individual poems is musical digital or historical the otherness implicit in being of more than one racial background guides Matejka s work to the inevitable conclusion that all things no matter how disparate are parts of the whole **Pushcart Prize XXIX** Bill Henderson,2004-11-02 An annual collection of more than sixty of the prior year s top selected short stories essays and poems as published in literary magazines and small presses is complemented by an index to the series and a listing of hundreds of outstanding presses and authors Simultaneous *Writing the Future of Black America* Daniel Grassian,2009 An insightful exploration into the works of African American writers born in the 1960s and 1970s Writing the Future of Black America explores the work of eight representative African American writers of the hip hop generation to assess their common themes and offer insights into contemporary race relations in America as expressed and challenged in their works In this groundbreaking study Daniel Grassian takes as his subjects a group of impressive novelists essayists poets and playwrights Paul Beatty Trey Ellis Terrence Hayes Allison Joseph Jake Lamar Suzan Lori Parks Danzy Senna and Colson Whitehead to chart the depths of their literary work against that of their predecessors in the civil rights generation and their predominantly white contemporaries of Generation X Characterized by the pursuit of empowerment through hybridity social criticism and personal expression hip hop has become the music and culture of choice for a sizable portion of America regardless of race or socioeconomic standing Meanwhile the writers of this generation have received little serious critical attention aside from singular book reviews and occasional essays Grassian fills in a gap in the discourse with his thorough analysis of the works crafted by these distinguished hip hop writers and he makes a case for the validity and value of studying their sophisticated engagements with race in contemporary America Selected because their work addresses a broad range of African American life these writers fathom such topics as what it means to be African American or multiethnic in an increasingly global society what role art and literature play in affecting their communities and what positive and negative authority has been assigned to popular culture and hip hop culture specifically in modern African American life **The Greenwood Encyclopedia of African American Literature: D-H** Hans A. Ostrom,J. David Macey,2005 Designed to meet the needs of high school students undergraduates and general readers this encyclopedia is the most comprehensive reference available on African American literature from its origins to the present Other works include many brief entries or offer extended biographical sketches of a limited selection of writers This encyclopedia surpasses existing references by

offering full and current coverage of a vast range of authors and topics While most of the entries are on individual authors the encyclopedia gathers together information about the genres and geographical and cultural environments in which these writers have worked and the social political and aesthetic movements in which they have participated Thus the encyclopedia gives special attention to the historical and cultural forces that have shaped African American writing Publisher **The Missouri Review** ,2006
