Socrates matches wits with an arrogant polymath who is also a smug literary critic Hippias believes that Homer can be taken at face value and that Achilles may be believed when he says he hates liars whereas Odysseus' resourceful behavior stems from his ability to lie well 365b Socrates argues that Achilles is a cunning liar who throws people off the scent of his own deceptions and that cunning liars are actually the best liars Consequently Odysseus was equally false and true and so was Achilles 369b Socrates proposes possibly for the sheer dialectical fun of it that it is better to do evil voluntarily than involuntarily His case rests largely on the analogy with athletic skills such as running and wrestling He says that a runner or wrestler who deliberately sandbags is better than the one who plods along because he can do no better **Introduction,**

interpréter comme un d saccord avec les paroles d Hippias Mais Socrate tient rassurer Eudicos il a cout avec grand int r t les commentaires du savant homme sur l Iliade et l Odyss e et s il n a jusqu pr sent pas os poser les nombreuses questions lui tant venues l esprit c tait par peur de para tre importun devant tout ce monde Mais maintenant que les voil tranquilles tous les trois Hippias ne refusera certainement pas d engager la conversation **Hippias mineur.
