Hispania tardoromana y visigoda Pablo C. Díaz Martínez, Clelia Martínez Maza, Francisco Javier Sanz Huesma, 2007-01-01 Nunca gozó el estudio de la historia peninsular en la Antigüedad tardía de tanta popularidad como otros períodos de nuestro pasado El Bajo Imperio romano en Hispania estuvo por lo general algo mejor atendido sin embargo los visigodos quedaron relegados y sólo unos pocos historiadores en su práctica totalidad fuertemente ideologizados se preocuparon durante el siglo XX de este período La historiografía reciente ha supuesto que podía restaurar la historia que realmente fue alejándose de las premisas ideológicas que marcaban la precedente sin embargo la producción reciente contiene las mismas dosis de ideología que antes Considerando que carece de sentido mirar con desdén la producción historiográfica del siglo pasado queremos ofrecer a nuestros lectores un texto en el que se satisfagan los modelos del pasado y las posiciones del presente Este volumen constituye una rica aproximación al período final de la Hispania romana en el que se conjugan equilibradamente la información documental la interpretación de los acontecimientos y las explicaciones de carácter teórico

La referencia europea en la educación española (1875-1914). La mediación francesa Jeam-Louis GUEREÑA,2014-05-15 Francia es con frecuencia para el imaginario de los españoles con fundamento racional casi siempre y en otras ocasiones no tanto un motivo de esperanza colectiva de ilusión razonable de hito de referencia para el avance de civilización de progreso superior no por casualidad una de las situaciones de la vida cotidiana de cada familia española de su intrahistoria de pareja de las relaciones entre hombre y mujer en bastantes ocasiones tiene que ver con parís con Francia Los niños los trae la cigalea desde parís se dice a los ingenuos infantes o se edulcora pacatamente la realidad que en su día podía suponer la explicación de que habían existido relaciones sexuales y una mujer quedaba embarazada

An Economic History of the Spanish Welfare State Sergio Espuelas,2025-04-15 This monograph analyses the evolution of the welfare state in Spain from qualitative and quantitative perspectives It basically relies on estimates of public social spending from 1850 to the present and offers comparisons with the rest of Europe As a whole the volume sheds light on the historical political and economic conditions at play during the relatively late development of the Spanish welfare state Three key driving factors are explored the political regime social inequality and Spain's exposure to international markets While economic backwardness and demographic factors explain part of the story Espuelas demonstrates that inequality explains much of the pre 1936 gap the lack of democracy and the Franco dictatorship were crucial up to the 1970s and globalization rather than having a clear positive or negative effect has mainly influenced the way social policy is financed This volume will be of interest to advanced students and researchers of economic history welfare states European history and social policy

Historia de la Literatura Española Gregorio B. Palacín Iglesias,1958

Fundamentos de teoría social James S. Coleman,2011-12-15 Fundamentos de teoría social 1990 es una de las principales aportaciones a la sociología de James S Coleman autor de referencia del individualismo metodológico y discípulo del funcionalista Robert K Merton 1910-2003 El propósito de esta ambiciosa obra es construir una teoría social rigurosa que desde la perspectiva de la acción racional contribuya a explicar el funcionamiento de las sociedades contemporáneas A través de una fundamentación teórica sólida pretende poder responder a preguntas como ¿vamos hacia dónde queremos ir podemos modificar la dirección cómo elegimos una dirección El marco conceptual desde el que Coleman desarrolla su teoría social se centra en explicar la conducta de un sistema social a través de tres componentes básicos una relación de lo macro a lo micro es decir desde las estructuras y las instituciones a las normas sociales y los valores en

segundo lugar la acción individual entendida como maximización de la utilidad y finalmente una relación de lo micro a lo macro basada en las reglas de acciones interdependientes La combinación de los principios de la elección racional individual con una concepción sociológica de la acción colectiva permiten a Coleman reformular la teoría social de una manera nueva y audaz El resultado es un hito en la teoría sociológica capaz de describir tanto la estabilidad como el cambio en los sistemas sociales

A Catalog of Books Represented by Library of Congress Printed Cards. Supplement: Cards Issued August 1, 1942--December 31, 1947 ,1948 *Radical Cultures and Local Identities* Krista Cowman,Ian Packer,2020-05-22 This edited interdisciplinary collection draws together recent original work on the connections between radicalism and localism in a variety of international locations over the last two hundred years The areas covered include the United Kingdom North America South Africa the Caribbean Germany Italy and Spain The book questions whether certain political issues have more impact at a local level and whether common radical responses can be discerned across space and time The contributors essays also consider to what extent the local offers a space in which new political possibilities can be explored and especially the extent to which radical participation from groups who are under represented in many national campaigns appears more easily available at the local level Finally the essays in the collection examine the distinctiveness of local political radicalism This involves looking at the activities of communal organizations and political parties that defined themselves against nationally situated sites of power but also at how the many cultural manifestations of radicalism such as music theatre and art were shaped distinctively at local level and how radical ideas were spread across wider areas from local bases
