The Holocaust's Jewish Calendars Alan Rosen, 2019-02-28 The most comprehensive to date treatment of these precious artifacts of the Holocaust s Jewish efforts to maintain religious observations and identity Choice Calendars map time shaping and delineating our experience of it While the challenges to tracking Jewish conceptions of time during the Holocaust were substantial Alan Rosen reveals that many took great risks to mark time within that vast upheaval Rosen inventories and organizes Jewish calendars according to the wartime settings in which they were produced from Jewish communities to ghettos and concentration camps The calendars he considers reorient views of Jewish circumstances during the war and show how Jews were committed to fashioning traditional guides to daily life even in the most extreme conditions In a separate chapter moreover he elucidates how Holocaust era diaries sometimes served as surrogate Jewish calendars All in all Rosen presents a revised idea of time continuity the sacred and the mundane the ordinary and the extraordinary even when death and destruction were the order of the day Rosen s focus on the Jewish calendar the ultimate symbol of continuity as weekday follows weekday and Sabbath follows Sabbath sheds new light on how Jews maintained connections to their way of conceiving time even within the cauldron of the Holocaust Rosen demonstrates the relationship between time and meaning between meaning and holiness between holy days and the divine presence all of which came under assault in the Nazis effort to kill Jewish souls before destroying Jewish bodies David Patterson author of *Along the Edge of Annihilation The Collapse and Recovery of Life in the Holocaust Diary* **History of Soybean Crushing: Soy Oil and Soybean Meal (1980-2016):** William Shurtleff; Akiko Aoyagi, 2016-10-30 The world s most comprehensive well documented and well illustrated book on this subject With extensive subject and geographical index 378 photographs and illustrations mostly color Free of charge in digital PDF format on Google Books **A History of Tatarstan** Kees Boterbloem, 2023-10-10 A History of Tatarstan The Russian Yoke and the Vanishing Tatars surveys the history of the Tatar people living along the Volga river It argues that the Volga Tatars were Russia s first colonized people and after their subjugation in 1552 the Tatars have been continually mistreated by their Russian rulers even when the nature of the Russian regime changed over time For a long period the Tatars managed to evade overly deep Russian intrusion into their lives after the middle of the 1850s Russian and Soviet authorities obliterated their traditional way of life Despite efforts at restoring a measure of Tatar independence in the 1990s russification has led to a marked fall in those identifying as Tatar in the Russian Federation pointing at the possibility of a disappearance altogether of the Volga Tatars **New Mexico Historical Review** Lansing Bartlett Bloom, Paul A. F. Walter, 2016 **Ovid in China** , 2022-07-18 Ovid in China offers a fresh look at an ancient Roman author in a Chinese context and often from a Chinese perspective The seventeen essays in this volume by a group of international scholars examine Ovid s interaction with China in a broad historical context including the arrival of Christian missionaries in 1294 the depiction of Ovidian scenes on 18th century Chinese porcelain the growing Chinese interest in Ovid in the early 20th century

Technical Arts in the Han Histories Mark Csikszentmihalyi, Michael Nylan, 2021-11-01 While cultural literacy in early China was grounded in learning the Classics basic competence in official life was generally predicated on acquiring several forms of technical knowledge Recent archaeological finds have brought renewed attention to the use of technical manuals and mantic techniques within a huge range of discrete contexts pushing historians to move beyond the generalities offered by past scholarship To explore these uses *Technical Arts in the Han Histories* delves deeply into the rarely studied *Treatises and Tables* compiled for the first two standard histories the *Shiji* Historical Records and *Hanshu* History of Han important supplements to the better known biographical chapters and models for the inclusion of technical subjects in the twenty three later Standard Histories of imperial China Indeed for a great many aspects of life in early imperial society they constitute our best primary sources for understanding complex realities and perceptions The essays in this volume seek to explain how different social groups thought of disseminated and withheld technical knowledge relating to the body body politic and cosmos in the process of detailing the preoccupations of successive courts from Qin through Eastern Han in administering the localities the frontier zones and their numerous subjects at the time roughly one quarter of the world's population

Demons, Angels, and Writing in Ancient Judaism Annette Yoshiko Reed, 2020-01-16 A new explanation of the beginnings of Jewish angelology and demonology drawing on non canonical writings and Aramaic Dead Sea Scrolls

Thickening Fat May Friedman, Carla Rice, Jen Rinaldi, 2019-08-30 *Thickening Fat* Fat Bodies Intersectionality and Social Justice seeks to explore the multiple variable and embodied experiences of fat oppression and fat activisms Moving beyond an analysis of fat oppression as singular this book will aim to unpack the volatility of fat the mutability of fat embodiments as

they correlate with other embodied subjectivities and the threshold where fat begins to be reviled celebrated or amended In addition Thickening Fat explores the full range of intersectional and liminal analyses that push beyond the simple addition of two or more subjectivities looking instead at the complex alchemy of layered and unstable markers of difference and privilege Cognizant that the concept of intersectionality has been filled out in a plurality of ways Thickening Fat poses critical questions around how to render analysis of fatness intersectional and to thicken up intersectionality where intersectionality is attenuated to the shifting and composite and material dimensions to identity rather than reduced to an add difference and stir approach The chapters in this collection ask what happens when we operationalize intersectionality in fat scholarship and politics and we position difference at the centre and start of inquiry

Unseeing Empire Bakirathi Mani,2020-10-26 In *Unseeing Empire* Bakirathi Mani examines how empire continues to haunt South Asian American visual cultures Weaving close readings of fine art together with archival research and ethnographic fieldwork at museums and galleries across South Asia and North America Mani outlines the visual and affective relationships between South Asian diasporic artists their photographic work and their viewers She notes that the desire for South Asian Americans to see visual representations of themselves is rooted in the use of photography as a form of colonial documentation and surveillance She examines fine art photography by South Asian diasporic artists who employ aesthetic strategies such as duplication and alteration that run counter to viewers demands for greater visibility These works fail to deliver on viewers desires to see themselves producing instead feelings of alienation estrangement and loss These feelings Mani contends allow viewers to question their own visibility as South Asian Americans in U S public culture and to reflect on their desires to be represented

Cosmopolitan Dreams Jennifer Dubrow,2018-10-31 In late nineteenth century South Asia the arrival of print fostered a dynamic and interactive literary culture There within the pages of Urdu language periodicals and newspapers readers found a public sphere that not only catered to their interests but encouraged their reactions to featured content *Cosmopolitan Dreams* brings this culture to light showing how literature became a site in which modern daily life could be portrayed and satirized the protocols of modernity challenged and new futures imagined Drawing on never before translated Urdu fiction and prose and focusing on the novel and satire Jennifer Dubrow shows that modern Urdu literature was defined by its practice of self critique and parody Urdu writers resisted the cultural models offered by colonialism creating instead a global community of imagination in which literary models could freely circulate and be readapted mixed and drawn upon to develop alternative lines of thinking Highlighting the participation of readers and writers from diverse social and religious backgrounds the book reveals an Urdu cosmopolis where lively debates thrived in newspapers literary journals and letters to the editor shedding fresh light on the role of

readers in shaping vernacular literary culture Arguing against current understandings of Urdu as an exclusively Muslim language Dubrow demonstrates that in the late nineteenth century Urdu was a cosmopolitan language spoken by a transregional transnational community that eschewed identities of religion caste and class The Urdu cosmopolis pictured here was soon fractured by the forces of nationalism and communalism Even so Dubrow is able to establish the persistence of Urdu cosmopolitanism into the present and shows that Urdu's strong tradition as a language of secular critical modernity did not end in the late nineteenth century but continues to flourish in film television and on line In lucid prose Dubrow makes the dynamic world of colonial Urdu print culture come to life in a way that will interest scholars of modern Asian literatures

South Asian literature and history cosmopolitanism and the history of print culture **Cultural Life at the Abyss** B. L. Molyneux, 2022-07-14 Ideology dominates social research encouraged by rejections of nature and the past and often ignores the direct experience of actual people This archaeological study takes a different approach grounding concepts of culture landscape and art in ecological relations that embrace all of life An ecological approach considers that life exists in the interactions of people with the environment surrounding them This theoretical grounding therefore supports research at a local scale and validates the analysis of individual effort The case studies explore individual perception action and expression in a startlingly diverse set of objects and features from the past natural and constructed monuments ancient and recent rock paintings petroglyphs fresco paintings and impressionist landscape art While traditional cultural approaches render ordinary people as proxies these individuals as members of families and communities do the actual work of society using their senses bodies and minds The analysis here therefore turns away from traditional speculations about the meanings of cultural things to look for evidence of the personal choices of travelers inhabitants pilgrims and artists as they acted and attempt to gain insights from these decisions about the past as lived The book will be of interest to scholars researchers and advanced students in culture and society who may be restless in theatres of discourse dominated by self affirming narratives who wish to consider the fields of possibility in an environmental perspective that integrates culture with nature and humans with other beings in a singular physical world **Toward a Global Middle Ages** Bryan C.
