**Vistas of English for Specific Purposes** Nadežda Stojković, 2015-10-05 English for Specific Purposes ESP is one of the most needed forms of English Language Teaching with regards to the adult population in

today's global market economy where the English language is a prerequisite for the exchange and communication of professional ideas, best practices and experiences and a necessary skill for advancement in one's career. This comprehensive volume brings together the most insightful papers from the First International Conference on Teaching English for Specific and Academic Purposes titled Connect and Share held at the Faculty of Electronic Engineering of the University of Ni, Serbia in May 2013. The collection covers a diverse and extensive list of topics and provides a number of invaluable contributions which prove the presence of ESP in all continents and in many different professions, sciences and businesses. Also of interest is the fact these papers highlight the interrelatedness of ESP and linguistics, the methodology of teaching sociolinguistics and a number of other fields relevant to the study and practice of languages. The chapters of this book prove that immense original, creative and worthwhile research is being conducted in the ever-growing and increasingly relevant field of ESP. At the same time, the book also offers rich insights into many innovative teaching practices that justify ESP as an important area of academic study.

**Content and Foreign Language Integrated Learning** Yolanda Ruiz de Zarobe, Juan Manuel Sierra, Francisco Gallardo del Puerto, 2011. This series promotes specialist language studies both in the fields of linguistic theory and applied linguistics by publishing volumes that focus on specific aspects of language use and provide valuable insights into language and communication research. A cross-disciplinary approach is favoured and most European languages are accepted.

**Pragmatics of Discourse** Klaus P. Schneider, Anne Barron, 2014-06-18. Discourse is language as it occurs in any form or context beyond the speech act. It may be written or spoken, monological or dialogical, but there is always a communicative aim or purpose. The present volume provides systematic orientation in the vast field of studying discourse from a pragmatic perspective. It first gives an overview of a range of approaches developed for the analysis of discourse including, among others, conversation analysis, systemic functional analysis, genre analysis, critical discourse analysis, corpus-driven approaches and multimodal analysis. The focus is furthermore on functional units in discourse such as discourse markers, moves, speech act sequences, discourse phases and silence. The final section of the volume examines discourse types and domains, providing a taxonomy of discourse types and focusing on a range of discourse domains, e.g. classroom discourse, medical discourse, legal discourse, electronic discourse. Each article surveys the current state of the art of the respective topic area while also presenting new research findings.

**Using Corpora in Discourse Analysis** Paul Baker, 2006-06-23. Examines approaches to carrying out discourse analysis (DA) using techniques that are grounded in corpus linguistics. This book evaluates a variety of corpus-based methodologies including collocations, keyness, concordances, dispersion plots and building and annotating corpora.

**Transforming Postsecondary Foreign Language Teaching in the United States** Janet Swaffar, Per Urlaub, 2014-07-25. This volume addresses critical challenges and issues facing foreign language departments in colleges and universities across the U.S. It presents the insights of individuals who have built or are in the process of building foreign language curricula during a major transition period in postsecondary institutions. The authors of this volume come

from various language departments and institutional experience from across the U S including private and public postsecondary foreign language teachers researchers and administrators The chapters address issues and provide templates for curricular change at all learning levels The five sections of this book explore Changing Perceptions about Foreign Language Learning The Case for a Multi literacy FL Curriculum in Concept and Assessment Praxis Curricular Transformations Historical Hurdles and Faculty Heuristics Rethinking the Graduate Curriculum Foreign Languages Integration into the Interdisciplinary University This thought provoking and timely volume addresses the question of how historic and current disciplinary institutional and political conditions affect curricular transformation in collegiate foreign language programs Responding to the issues raised in the 2007 MLA Report this collection of nine essays presents a diversity of curricular models and approaches from different theoretical perspectives focusing on the integration of language and content The book will undoubtedly be of great interest to a broad audience such as foreign language educators curriculum designers administrators graduate students and researchers Nelleke Van Deusen Scholl Yale College CT USA

**Multidisciplinary Perspectives on Multilingualism** Simona Montanari,Suzanne Quay,2019-10-08 Multilingualism is a typical aspect of everyday life for most of the world s population it has existed since the beginning of humanity and among individuals of all backgrounds Nonetheless it has often been treated as a variant of bilingualism or as a phenomenon unique to individual areas of study The purpose of this book is to review current knowledge about the acquisition use and loss of multiple languages using a multidisciplinary perspective highlighting the common themes and stimulating insights that can emerge when multilingualism is viewed from different but related areas of investigation The chapters focus on research evidence showing that multilingualism is a complex phenomenon that involves a myriad of linguistic and extra linguistic forces and that should be studied in its own right as evidence of human potential and capacity for language The book is primarily addressed to students and scholars interested in deepening their understanding of the different facets of multilingualism including the individual and societal circumstances that contribute to it the cognitive and neural mechanisms that make it possible and the dynamics involved in the acquisition use and loss of multiple languages **Analysing**

**Historical Narratives** Stefan Berger,Nicola Brauch,Chris Lorenz,2021-05-14 For all of the recent debates over the methods and theoretical underpinnings of the historical profession scholars and laypeople alike still frequently think of history in terms of storytelling Accordingly historians and theorists have devoted much attention to how historical narratives work illuminating the ways they can bind together events shape an argument and lend support to ideology From ancient Greece to modern day bestsellers the studies gathered here offer a wide ranging analysis of the textual strategies used by historians They show how in spite of the pursuit of truth and objectivity the ways in which historians tell their stories are inevitably conditioned by their discursive contexts Not Ever Absent: Storytelling in Arts, Culture and Identity Formation

,2019-01-04 This volume was first published by Inter Disciplinary Press in 2015 Storytelling has always played a central role

in the formation of cultures and communities All cultures define themselves and their place in the world through their stories Similarly our identities are largely constructed as narratives and it is with the aid of storytelling that we manage to conceive of ourselves as meaningful wholes Thus storytelling is not ever absent it is to be found in literature social life in the places we visit and the buildings we live in This volume presents storytelling in various appearances from ancient myths and oral history to transmedia narratives and digital stories Different forms of narrative are analysed as is the use of storytelling as a method for e g counselling education and research Throughout twenty five chapters a compelling overview of recent research on the topic is provided both stressing the omnipresence of storytelling and exploring what storytelling is and isn't

*Dialogicity in Written Specialised Genres* Luz Gil-Salom, Carmen Soler-Monreal, 2014-07-15 Dialogicity in Written Specialised Genres analyses how human beings intentionally establish a network of relations that contribute to the construction of discourse in different genres in academic promotional and professional domains in English Spanish and Italian The chapters in the present volume investigate individual voices both those assumed by the writer and those attributed to others and how they act interpersonally and become explicit in the discourse From a number of different research approaches contributing authors focus on various textual components self mention impersonation attribution markers engagement markers attitude markers boosters hedges reporting verbs politeness strategies and citations The collection is unusual in that it addresses these issues not only from the perspective of English but also from that of Spanish and Italian It thus represents a refreshing reassessment of the contrastive dimension in the study of voice and dialogic relations taking into consideration language specialised fields and genre The volume will appeal to researchers interested in language as multidimensional dialogue particularly with regard to different written specialised texts from different linguistic backgrounds Novice writers may also find it of help in order to attain a greater understanding of the dialogic nature of writing
