Telling History Joyce M. Thierer,2010 Telling History is a manual for creating well researched and engaging historical presentations As museums and other informal learning institutions work to create new and appealing programs many are turning to dramatic impersonations accompanied by informed discussions to educate their audiences This book guides the performer through selecting characters researching and writing scripts performing for various kinds of audiences and turning performance into a business For museums historic sites and community organizations it offers advice on training and funding historical performers as well as what to expect from professionals who perform at your site

Visualizing History's Fragments Ashley R. Sanders,2024-06-19 This book combines a methodological guide with an extended case study to show how digital research methods can be used to explore how ethnicity gender and kinship shaped early modern Algerian society and politics

However the approaches presented have applications far beyond this specific study More broadly these methods are relevant for those interested in identifying and studying relational data demographics politics discourse authorial bias and social networks of both known and unnamed actors Ashley R Sanders explores how digital research methods can be used to study archival specters people who lived breathed and made their mark on history but whose presence in the archives and extant documents remains limited at best if not altogether lost Although digital tools cannot metaphorically resurrect the dead nor fill archival gaps they can help us excavate the people shaped outlines of those who might have filled these spaces The six methodological chapters explain why and how each research method is used present the visual and quantitative results and analyze them within the context of the historical case study In addition every dataset is available on SpringerLink as Electronic Supplementary Material ESM and each chapter is accompanied by one or more video tutorials that demonstrate how to apply each of the techniques described accessed via the SN More Media App

Listening Is Learning Frank Thoms, 2018-12-21 Listening is Learning Conversations Between 20th and 21st Century Teachers is a unique approach for meeting the challenges of today's teachers In sixteen chapters of conversations between veterans and young teachers readers will discover engaged teaching from the previous century that captures the attention of students The classroom is the perhaps the last vestige of hope where children will discover the joy of being together without intermediary devices Conversations invite reflection Listening to respectful discussions between young and older teachers allows readers to slow down and take stock of their own positions and beliefs Young teachers will come away with not only rich ideas but also a sense of encouragement to meet the challenges of digitally driven students Face to face classrooms are the best hope for students to discover their best selves without distractions so prevalent in social media If teachers choose to show students from the first day that they care about them and are willing to listen to their lives they will build trusted relationships essential for students and for teachers
