**A Short History of the American People (Classic Reprint)** Edna Henry Lee Turpin, 2017-12-21 Excerpt from A Short History of the American People Miss turpin s Short History of the American People has impressed me as a work of exceptional value The narrative is clear impartial spirited and altogether read able The prime merit of the work is in my opinion that events are made so to unfold that even a child will grasp the principle of cause and effect as it has worked itself out in the history of our country This volume is not a series of detached dates and incidents however picturesque or pleasingly told The process of growth is brought out in every paragraph in such a way as to make the sequence of events illumining By such treatment the reader is eu able to contract the historical habit As the habit of sound thinking is more than a thousand thoughts so the historical habit of interpreting cause and effect in human experience is of far more value than any knowledge of events however comprehensive The author has preserved the due perspective of Ameri can history by giving a large place to the facts bearing on the industrial and social development of our people in accordance with the changing sphere of the modern State which is becoming more and more social both in its spirit and aims The style is simple and yet energetic while the appara tus for teaching such as maps topics for study references for reading and suggestive questions are admirable About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

**Our Republic** S. E. Forman, 2017-12-23. Excerpt from *Our Republic: A Brief History of the American People*. In the making of our Republic, the deeds of pioneers, farmers, inventors, teachers, captains of labor, captains of industry, have been quite as important as the deeds of warriors and statesmen. This history, therefore, is not one of the drum and trumpet kind, nor is it one in which the politician always holds the center of the stage. A large share of attention is given to the every-day life of the people, to the movement which carried American civilization westward and built up a Union of States to

the growth of our industrial system to the great inventions which have contributed so largely to our competency in material things The treatment of topics bearing upon our economic development is unusually full for the reason that the economic factor in the history of a nation especially in the history of the American nation is a subject of transcendent importance There is much in Bagehot s saying The selling of figs the cobbling of shoes the manufacture of nails these are the essence of life While preparing the book the author received from the officers of the Library of Congress courtesies for which he is deeply indebted About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

A History of the American People, Vol. 4 of 5 (Classic Reprint) Woodrow Wilson, 2018-05-02 Excerpt from A History of the American People Vol 4 of 5 It was a second democratization of the government And yet it differed radically from the first which Mr Jefferson had so shrewdly contrived There was no kinship either in Spirit or in method between Mr Jefferson and this new hero of democracy Mr Jefferson had indeed expressed the greatest alarm at the prospect of seeing General Jackson President He is he said one of the most unfit men I know of for the place He has had very little respect for laws or

constitutions and is in fact an able military chief His passions are terrible He has been much tried since I knew him but he is a dangerous man And had Mr Jeffer son lived to Witness the result he would hardly have altered his judgment He had stood for all he was so full of democratic doctrine for conservative ways of political growth General Jackson stood it turned out for personal government party proscriptions and the self willed choices of personal power About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
