White Supremacy Kelly Roberts, 2004 Since the beginning of time there has been a battle between good and evil Evil has manifested itself in many ways throughout history but its goal has always been the same to consume as many souls as possible For some evil is a way of life embraced in a way that shocks and terrifies It has been said that the only thing needed for evil to triumph is for good men to sit back and do nothing For some this is not an option This book is the true life story of one man who sets out on a mission to destroy the footholds of evil within his community You will walk step by step through the entire suspenseful journey What starts as a plan to gather information soon turns into a long complex spiral into the dark world of white supremacy Defined as domestic terrorism these groups walk a fine line hell bent on the ultimate destruction of anything non white or pure Domestic terrorist groups like their bigger brother always use a key strategy in their twisted ambition fear Through reading this book you will learn that fear is a tool of evil This tool will only work if it allowed to by its intended victim Understanding this principal along with the learning of your enemy s weaknesses will lead to victory over the oppression of evil While some very serious risks including death existed for this man and his mission faith in God was his one strength to overcome fear God will always triumph This book is one such story of triumph and success It is also a learning tool for others to defend their peaceful way of life
