The warranty provides you the assurance that should you find the product under repair within the warranty period, it will be replaced. However, there are several conditions that apply. For example, the warranty does not cover the product if it is not used properly. Should the equipment be abused, or needed to change its performance beyond the original factory specifications, the warranty will become void and your best recourse may be to seek out a local "fix-it" store specialized in otherwise complexing electronic equipment and services.
