Tortured Artists Christopher Zara, 2012-02-18 Great art comes from great pain Or that's the impression left by these haunting profiles Pieced together they form a revealing mosaic of the creative mind It's like viewing an exhibit from the therapist's couch as each entry delves into the mental anguish that afflicts the artist and affects their art The scope of the artists covered is as varied as their afflictions Inside you will find not just the creators of the darkest of dark literature music and art While it does reveal what everyday problem kept Poe's pen to paper and the childhood catastrophe that kept Picasso on edge it also uncovers surprising secrets of more unexpectedly tormented artists From Charles Schultz's unrequited love to J.K. Rowling's fear of death it's amazing the deep seeded troubles that lie just beneath the surface of our favorite art As much an appreciation of artistic genius as an accessible study of the creative psyche Tortured Artists illustrates the fact that inner turmoil fuels the finest work

Investigation Into the 1950 Ohio Senatorial Campaign United States. Congress. Senate. Committee on Rules and Administration,1952 *Disaffected Parties* John Owen Havard,2019-02-14 Disaffected Parties reveals how alienation from politics effected crucial changes to the shape and status of literary form Recovering the earliest expressions of grumbling irritability and cynicism towards politics this study asks how unsettled partisan legacies converged with more recent discontents to forge a seminal period in the making of English literature and thereby poses wide ranging questions about the lines between politics and aesthetics Reading works including Laurence Sterne s Tristram Shandy James Boswell s Life of Johnson the novels of Maria Edgeworth and Jane Austen and the satirical poetry of Lord Byron in tandem with print culture and partisan activity this book shows how these writings remained animated by disaffected impulses and recalcitrant energies at odds with available party positions and emerging governmental norms even as they sought to imagine perspectives that looked beyond the divided political world altogether No one can be more sick of or indifferent to politics than I am Lord Byron wrote in 1820 Between the later eighteenth century and the Romantic age disaffected political

attitudes acquired increasingly familiar shapes Yet this was also a period of ferment in which unrest associated with the global age of revolutions including a dynamic transatlantic opposition movement collided with often inchoate assemblages of parties and constituencies As writers adopted increasingly emphatic removes from the political arena and cultivated familiar stances of cynicism detachment and retreat their estrangement also promised to loop back into political engagement and to make their works parties all their own

Creativity from Suburban Nowheres Ilja Van Damme, Ruth McManus, Michiel Dehaene, 2023-07-26 Looking at suburbs as places of creativity gives rise to novel and thought provoking narratives that typically run counter to the idea that suburbs are sites of ordinary mundane and everyday practices Far from being geographies of nowhere dull materialistic and monotone suburbs are unpacked as being heterogeneous and historically layered places of living work and creation Situating creativity in place and time Creativity from Suburban Nowheres displaces mainstream understandings of creativity and widespread stereotypes commonly associated with the suburbs Contributors explore the particular forms of creativity that suburbs elicit both in the process of their making materialization and community construction and in the myriad ways in which suburbs are inhabited and experienced They highlight accounts of suburbs as places that give people the space and latitude to shape individual and collective identities through creative practices at odds with mainstream culture and often remote from the classic agglomeration assets associated with inner cities Anchored in historical and geographical research this volume highlights how and in what forms creativity should be understood in the suburbs why and when creativity can be found and how the notion of suburban creativity overthrows ingrained and dominant normative viewpoints Rather than seeing creativity arise despite its suburban location Creativity from Suburban Nowheres illuminates the emancipatory potential of suburbs for creativity
