**Lyotard and the 'figural' in Performance, Art and Writing** Kiff Bamford, 2012-06-14 This original study offers a timely reconsideration of the work of French philosopher Jean Fran ois Lyotard in relation to art performance and writing How can we write about art whilst acknowledging the transformation that inevitably accompanies translations of both media and temporality That is the question that persistently dogs Lyotard's own writings on art and to which this book responds through reference to artists from the recently formed canon of performance art history including the myths of seminal figures Marina Abramovic and Vito Acconci and the controlled documentation of Gina Pane's actions Through the unstable untranslatable element that Lyotard calls the figural his thought is brought to bear on attempts to write a history of performance art and to question the paradoxically prescriptive demand for rules to govern re performance Kiff Bamford contextualises Lyotard's writings and approach with reference to both his contemporaries including Deleuze and Kristeva and the contemporary art about which they wrote whilst arguing for the pertinence of Lyotard's provocations today

**Surrealism at Play** Susan

Laxton,2019-02-14 In *Surrealism at Play* Susan Laxton writes a new history of surrealism in which she traces the centrality of play to the movement and its ongoing legacy For surrealist artists play took a consistent role in their aesthetic as they worked in with and against a post World War I world increasingly dominated by technology and functionalism Whether through exquisite corpse drawings Man Ray s rayographs or Joan Mir s visual puns surrealists became adept at developing techniques and processes designed to guarantee aleatory outcomes In embracing chance as the means to produce unforeseeable ends they shifted emphasis from final product to process challenging the disciplinary structures of industrial modernism As Laxton demonstrates play became a primary method through which surrealism refashioned artistic practice everyday experience and the nature of subjectivity *Revolutionary Time and the Avant-Garde* John Roberts,2015-09-15 Why the avant garde of art needs to be rehabilitated today Since the decidedly bleak beginning of the twenty first century art practice has become increasingly politicized Yet few have put forward a sustained defence of this development *Revolutionary Time and the Avant Garde* is the first book to look at the legacy of the avant garde in relation to the deepening crisis of contemporary capitalism An invigorating revitalization of the Frankfurt School legacy Roberts s book defines and validates the avant garde idea with an erudite acuity providing a refined conceptual set of tools to engage critically with the most advanced art theorists of our day such as Hal Foster Andrew Benjamin Alain Badiou Jacques Ranci re Paolo Virno Claire Bishop Michael Hardt and Toni Negri **Brazilian Art Under Dictatorship** Claudia Calirman,2012-05-28 After the Brazilian military took power in a coup in 1964 many artists tried to distance themselves from politics others went into exile This book covers the most culturally repressive years of the regime from 1968 74 and looks at artists who found their own visual language of resistance outside government controlled cultural centers or the militant left *Inventing Marcel Duchamp* Janine A. Mileaf,Francis M. Naumann,Michael R. Taylor,2009-04-10 An old genre is given a new look as portraits and self portraits of Marcel Duchamp invent and cover up as much as they reveal and portray One of the most influential artists of the twentieth century Marcel Duchamp 1887 1968 was a master of self invention who carefully regulated the image he projected through self portraiture and through his collaboration with those who portrayed him During his long career Duchamp recast accepted modes for assembling and describing identity indelibly altering the terrain of portraiture This groundbreaking book which accompanies a major exhibition at the Smithsonian Institution s National Portrait Gallery demonstrates the ways in which Duchamp willfully manipulated the techniques of portraiture both to secure his reputation as an iconoclast and to establish himself as a major figure in the art world Although scholars have explored Duchamp s use of aliases little attention has been paid to how this work played into and against existing portrait conventions Nor has any study yet compared these explicitly self constructed projects with the large body of portraits of Duchamp by others *Inventing Marcel Duchamp* showcases approximately one hundred never before assembled portraits and self portraits of Duchamp The broadly defined self portraits and self representations include the famous autobiographical suitcase *Bo te en Valise* and *Self*

Portrait in Profile a torn silhouette that became very influential for future generations of artists The portraits by other artists include works by Duchamp s contemporaries Man Ray Alfred Stieglitz Francis Picabia Beatrice Wood and Florine Stettheimer as well as portraits by more recent generations of artists including Andy Warhol Jasper Johns Sturtevant Yasumasa Morimura David Hammons and Douglas Gordon Since the mid twentieth century as abstraction assumed a position of dominance in fine art portraiture has been often derided as an art form the images and essays in *Inventing Marcel* Duchamp counter this and invite us to rethink the role of portraiture in modern and contemporary art **Nancy Spero, Encounters** Joanna S.

Walker, Nancy Spero, 2011 An original and valuable intervention in the fast growing field of feminist and new art histories Nancy Spero *Encounters* offers a sophisticated interpretation of the work of a highly original and under represented woman artist The study proposes a new model of comparatism within the field of visual studies mirroring and complementing Spero s dialogic manner of working Spero s encounters with the work of Ana Mendieta H D Isadora Duncan and others are examined

**Proud Raven, Panting Wolf** Emily L. Moore, 2018-11-20 Among Southeast Alaska s best known tourist attractions are its totem parks showcases for monumental wood sculptures by Tlingit and Haida artists Although the art form is centuries old the parks date back only to the waning years of the Great Depression when the US government reversed its policy of suppressing Native practices and began to pay Tlingit and Haida communities to restore older totem poles and move them from ancestral villages into parks designed for tourists Dramatically altering the patronage and display of historic Tlingit and Haida crests this New Deal restoration project had two key aims to provide economic aid to Native people during the Depression and to recast their traditional art as part of America s heritage Less evident is why Haida and Tlingit people agreed to lend their crest monuments to tourist attractions at a time when they were battling the US Forest Service for control of their traditional lands and resources Drawing on interviews and government records as well as on the histories represented by the totem poles themselves Emily Moore shows how Tlingit and Haida leaders were able to channel the New Deal promotion of Native art as national art into an assertion of their cultural and political rights Just as they had for centuries the poles affirmed the ancestral ties of Haida and Tlingit lineages to their lands Supported by the Jill and Joseph McKinstry Book Fund Art History Publication Initiative For more information visit <http://arthistorypi.org/books/proud-raven-panting-wolf>
