Process Improvement for Effective Budgeting and Financial Reporting Nils H. Rasmussen, Christopher J. Eichorn, Corey S. Barak, Toby Prince, 2003-06-17 The budget and financial reporting processes are well known sources of frustration for most CFOs Seeking a quick fix to the problem the common solution is to pour more money into new and better software This leaves the root cause the inefficient and dysfunctional underlying processes and routines unaddressed As this book shows substantial and sustainable improvements are only achieved through an holistic approach to process improvement technology strategy and people Tom Henry Knudsen Executive Vice President Telenor Eiendom Fornebu AS Proven methods for improving efficiency Corporations face a high turnover among financial managers rapid changes in technology lack of time and process redesign skills and ongoing ambiguity about primary objectives behind the budgeting and financial reporting processes Amid this frenzy it is the fundamental efficiency of these processes that dramatically impact overall business performance Process Improvement for Effective Budgeting and Financial Reporting provides financial managers with a compelling blueprint for increasing efficiency and eliminating waste of time and energy Four operational experts layout an 80/20 plan improving 80% of processes in 20% of the time it would take to improve 100% and explain a Business Process Improvement BPI plan that incorporates The emerging trends affecting financial managers today Step by step process implementation Interviews with industry leaders consultants and managers who have successfully instituted BPI plans Appraisals of the available software

that can help or hinder the process There is no substitute for improved efficiency CFOs controllers budget managers and financial analysts will significantly benefit from adding this authoritative guide to their professional libraries Financial Business Intelligence Nils H. Rasmussen, Paul S. Goldy, Per O. Solli, 2002-10-15 Turn storehouses of data into a strategic tool Business intelligence has recently become a word used by almost every CFO controller and analyst After having spent the last decade implementing Enterprise Resource Planning software and other mission critical solutions companies now have large databases with transactional data sitting in their computer rooms Now finally the technology has reached a point where it is possible in almost real time to quickly and easily analyze the financial data in the corporate databases to be able to make more intelligent business decisions This book will help financial managers understand the trends technology software selection and implementation of financial business intelligence financial BI software With a dictionary of business intelligence terms a comprehensive list of Request for Proposal questions and examples of popular financial business intelligence reroutes and user interfaces this book enables managers to measure their companies business intelligence and maximize its value
