fascinating Gajda is a nimble storyteller and an insightful guide to a rich and textured history that gets easily caricatured especially when a culture war is raging The New York Times An urgent book for today's privacy wars and essential reading on how the courts have for centuries often protected privileged men's rights at the cost of everyone else's Should everyone have privacy in their personal lives Can privacy exist in a public place Is there a right to be left alone even in the United States You may be startled to realize that the original framers were sensitive to the importance of privacy interests relating to sexuality and intimate life but mostly just for powerful and privileged and usually white men The battle between an individual's right to privacy and the public's right to know has been fought for centuries The founders demanded privacy for all the wrong press quashing reasons Supreme Court justice Louis Brandeis famously promoted First Amendment freedoms but argued strongly for privacy too and presidents from Thomas Jefferson through Donald Trump confidently hid behind privacy despite intense public interest in their lives Today privacy seems simultaneously under siege and surging And that's doubly dangerous as legal expert Amy Gajda argues Too little privacy leaves ordinary people vulnerable to those who deal in and publish soul crushing secrets Too much means the famous and infamous can cloak themselves in secrecy and dodge accountability Seek and Hide carries us from the very start when privacy concepts first entered American law and society to now when the law allows a Silicon Valley titan to destroy a media site like Gawker out of spite Muckraker Upton Sinclair like Nellie Bly before him pushed the envelope of privacy and propriety and then became a privacy advocate when journalists used the same techniques against him By the early 2000s we were on our way to today's full blown crisis in the digital age worrying that smartphones webcams basement publishers and the forever internet had erased the right to privacy completely
