## **Love Hate And Knowledge The Kleinian Method And The Future Of Psychoanalysis:**

*Love, Hate and Knowledge* Robert Waska, 2018-04-17 This book introduces the clinical concept of analytic contact This is a term that describes the therapeutic method of investigation that makes up psychoanalytic treatment The field has been in debate for decades regarding what constitutes psychoanalysis This usually centers on theoretical ideals regarding analyzability goals or procedure and external criteria such as frequency or use of couch Instead the concept of analytic contact looks at what takes place with a patient in the clinical situation Each chapter in this book follows a wide spectrum of cases and clinical situations where hard to reach patients are provided the best opportunity for health and healing through the establishment of analytic contact This case material closely tracks each patient's phantasies and transference mechanisms which work to either increase oppose embrace or neutralize analytic contact In addition the fundamental internal conflicts all patients struggle with between love hate and knowledge are represented by extensive case reports

*Love, Hate and Knowledge* Robert T. Waska, 2010 This book introduces the clinical concept of analytic contact This is a term that describes the therapeutic method of investigation that makes up psychoanalytic treatment The field has been in debate for decades regarding what constitutes psychoanalysis This usually centers on theoretical ideals regarding analyzability goals or procedure and external criteria such as frequency or use of couch Instead the concept of analytic contact looks at what takes place with a patient in the clinical situation Each chapter in this book follows a wide spectrum of cases and clinical situations where hard to reach patients are provided the best opportunity for health and healing through the establishment of analytic contact This case material closely tracks each patient's phantasies and transference mechanisms which work to either increase oppose embrace or neutralize analytic contact In addition the fundamental internal conflicts all patients struggle with between love hate and knowledge are represented by extensive case reports

*The Modern Kleinian Approach to Psychoanalytic Technique* Robert Waska, 2010-05-12 The Modern Kleinian Approach to Psychoanalytic Technique Clinical Illustrations describes how today's practitioner typically treats a number of types of very disturbed and hard to reach patients who while prone to intense acting out and early termination are in great need of in depth psychological reorganization Many cases barely get off the ground due to levels of pathological conflict and destructive fantasy that make self object connection extremely fragile However the modern Kleinian approach makes it possible to establish analytic contact within even the most chaotic situations and create a therapeutic experience that can be significant and meaningful In doing so there can be a healing process and the birth of new object relational experiences and interpersonal exchanges Robert Waska details a more flexible method of practicing psychoanalysis Analytic Contact an approach that brings the healing possibilities of psychoanalysis to the more disturbed patients who tend to fill private practice offices In addition Analytic Contact enables the clinician to reach populations that are not usually considered easily treatable by the psychoanalytic method including psychotic patients couples who are seeking help with marital issues and

chronic borderline and narcissistic individuals      **Couple and Family Psychoanalysis Volume 7 Number 1** Molly Ludlam, 2017-03-31 Couple and Family Psychoanalysis is an international journal sponsored by Tavistock Relationships which aims to promote the theory and practice of working with couple and family relationships from a psychoanalytic perspective. It seeks to provide a forum for disseminating current ideas and research and for developing clinical practice. The annual subscription provides two issues a year. Articles: How to Cure Family Disturbance Enid Balint and the Creation of Couple Psychoanalysis Twenty first Enid Balint Memorial Lecture 2016 by Brett Kahr Response to How to Cure Family Disturbance Lily Pincus Martin Buber and Projective Identification by Viveka Nyberg The Confinement of Compromise Formations a Formable Aspect of Psychoanalytic Couple Therapy by Robert Waska When the Couple is not Enough or When the Couple is Too Much Exploring the Meaning and Management of Open Relationships by Damian McCann Echoes of the Serial Murder of the Psyche A Psychoanalytic Approach to Serial Marriage by Hejan Ep zdemir Clinical Narrative and Discussion      A *Casebook of Psychotherapy Practice with Challenging Patients* Robert Waska, 2015-05-01 Most contemporary psychoanalysts and psychotherapists see each patient once or twice a week at most. As many patients have reached a marked state of distress before seeking treatment this gives the analyst a difficult task to accomplish in what is a limited amount of time. A *Casebook of Psychotherapy Practice with Challenging Patients* A modern Kleinian approach sets out a model for working with quite significantly disturbed, distressed or resistant patients in a very limited time which Robert Waska has termed Modern Kleinian Therapy. Each chapter provides a vivid look into the moment to moment workings of a contemporary Kleinian focus on understanding projective identification, enactment and acting out as well as the careful and thoughtful interpretive work necessary in these complex clinical situations. Individual psychotherapeutic work is represented throughout the book alongside instructive reports of psychoanalytic work with disturbed couples and the more challenging patient is illustrated with several comprehensive reviews of films that follow such hard to reach individuals. A *Casebook of Psychotherapy Practice with Challenging Patients* A modern Kleinian approach is filled with a combination of contemporary theory, building a wealth of clinical vignettes and practical advice. It is a hands on guide for psychoanalysts and therapists who need to get to grips with complex psychoanalytic concepts in a short time and shows the therapeutic power the Modern Kleinian Therapy approach can have and how it can enable them to work most effectively with difficult patients. Robert Waska LPCC MFT PhD is an analytic member at the San Francisco Center for Psychoanalysis and conducts a full time private psychoanalytic practice for individuals and couples in San Francisco and Marin County California. He is the author of thirteen published textbooks on Kleinian psychoanalytic theory and technique, is a contributing author for three psychology texts and has published over a hundred articles in professional journals      **Between Unknown Change and Familiar Retreat** Robert Waska, 2017-11-13 The theme of Dr Robert Waska's new book involves how all patients, whether neurotic, borderline or psychotic, want their problems to ease and their stress to stop but unconsciously they avoid any real psychological change.

They strive to maintain their psychic equilibrium regardless of how destructive it may be in an effort to avoid the loss of what is known and to avoid the unknown pain or punishment that change might bring Each chapter provides the reader with a contemporary Kleinian focus on central theoretical and clinical concepts such as projective identification enactment transference pathological organizations and depressive or paranoid acting out The reader then is shown the careful and thoughtful interpretive work necessary in these complex clinical situations The Total Transference and the Complete Counter-Transference Robert Waska,2011-12-22 The book takes the reader into the trenches with the author as he describes his psychoanalytic work with a variety of patients with difficult and complex conditions The reader becomes familiar with the clinical and theoretical difficulties psychoanalysts encounter in their day to day practice with such patients especially the counter transference reactions so common with patients who rely on rigid defense systems While presented from a Kleinian viewpoint the book is written in a very inclusive and flexible manner that brings together a variety of analytic thought and provides easy access to the reader unfamiliar with Kleinian theory The book provides a wealth of in depth clinical material including severe personality disorders chronic depressive conditions pathological phantasies of grief and loss and destructive states of narcissism Each chapter provides a vivid look into the workings of psychoanalytic treatment in the context of the contemporary focus on understanding projective identification enactment acting out and the careful and thoughtful interpretive working through of these complex clinical situations Much of the book also addresses how to notice learn from and utilize these volatile moments Indeed once properly understood what once was fertile ground for the analyst s acting out can become a bridge to better translating and interpreting the patient s core anxieties and providing a therapeutic experience of change and growth This volume shows the therapeutic power the modern Kleinian approach can have with patients throughout the diagnostic spectrum By attending to the interpersonal transactional and intra psychic levels of transference counter transference and unconscious fantasy with consistent here and now and in the moment interpretation the Kleinian method can be therapeutically successful with severely neurotic borderline and narcissistic patients By making the goal of psychoanalytic treatment the gradual establishment of analyst contact a broader range of patients can be helped and understood *Psychiatric and Mental Health Nursing* Mary Chambers,2017-04-07 This new edition of a bestselling evidence based textbook provides a comprehensive overview of psychiatric and mental health nursing Keeping service users and their recovery at the centre of care the holistic approach will help nurses to gain the tools and understanding required to work in this complex area Extensively updated for this new edition the text looks at Aspects of mental health nursing covering topics such as ethics developing therapeutic relationships and supervision The foundations of mental health nursing discussing diagnosis assessment and risk Caring for those experiencing mental health distress looking at wide range of troubles including anxiety bipolar disorder eating disorders and issues around sexuality and gender Care planning and approaches to therapeutic practice exploring ideas pathways and treatments such as recovery CBT psychodynamic therapies

and psychopharmacology Services and support for those with mental health distress covering topics such as collaborative work involvement of service users and their families and carers and a range of different mental healthcare settings Mental health nursing in the twenty first century highlighting emerging and future trends including the political landscape physical health and health promotion and technological advances This accessible and comprehensive textbook integrates service user perspectives throughout and includes student friendly features such as learning outcomes key points summaries reflection points and further reading sections It is an essential resource for all mental health nursing students as well as an invaluable reference for practising nurses

**Shared Realities** Mark Winborn, 2014-06-01 Shared Realities Participation Mystique and Beyond brings together Jungian analysts and psychoanalysts from across the United States the United Kingdom and France Carl Jung's concept of participation mystique is used as a starting point for an in depth exploration of shared realities in the analytic setting and beyond The clinical narrative and theoretical discussions move through such related areas as projective identification negative coniunctio reverie intersubjectivity the interactive field phenomenology neuroscience the transference chimera shamanism shared reality of place borderland consciousness and mystical participation This unique collection of essays bridges theoretical orientations and includes some of the most original analytic writers of our time An essential read for psychoanalysts Jungian analysts psychotherapists and analytic candidates

*A Practical Casebook of Time-Limited Psychoanalytic Work* Robert Waska, 2013-05-29 Modern Kleinian Therapy is a model of effective psychoanalytic work that offers relief to deep internal conflicts by establishing and maintaining analytic contact and beginning to unravel modify and heal turbulent and torn minds This book defines Modern Kleinian Therapy as a modality for treating severely affected patients in a fairly traditional psychoanalytic manner even when the environment or frequency of sessions are compromised Chapter by chapter the book provides detailed clinical material to illustrate the complex dynamics that unfold when working with more closed off patients and each case report shows the often limited clinical situations that the contemporary analyst must contend with The book's detailed material serves to emphasize the nature of psychoanalytic work with individuals and couples who otherwise rarely find their way to healthy attachment or reciprocal whole object relational harmony Included in the book Technical and theoretical methods of Modern Kleinian Therapy Psychoanalytic treatments to modify internal object relational conflicts The Modern Kleinian Therapy approach to couple's treatment The value of analytic contact A Practical Casebook of Time Limited Psychoanalytic Work A Modern Kleinian Approach introduces new aspects of Kleinian work and offers a contemporary view on Kleinian techniques and concepts It will be valuable reading for psychotherapists mental health workers and psychoanalytic therapists

*Outpatient Treatment of Psychosis* David L. Downing, Jon Mills, 2018-05-08 This book offers a practitioner's guide to evidence based practice in working with psychotic patients in an outpatient setting by clinicians and scholars who are internationally recognized for their work in treating severe psychopathology Topics cover conceptual technical and practical considerations in the parameters of working with

adult and adolescent populations that exhibit thought disorder delusions hallucinations borderline organizations trauma and schizoid phenomena Different theoretical models are presented from psychoanalytic traditions that introduce the student and practitioner to eclectic ways of conceptualizing and treating these challenging clinical groups Concrete approaches to establishing a proper treatment environment working alliance symptom management managing countertransference and facilitating a therapeutic framework are provided Various psychodynamic techniques are demonstrated by master clinicians through the extensive use of clinical case material culled from outpatient settings that illustrate how psychoanalytic perspectives enrich our understanding of the psychotic spectrum and lead to therapeutic efficacy **Moments of**

**Uncertainty in Therapeutic Practice** Robert Waska, 2011-11-15 One of therapy's greatest challenges is the moment of transference when a patient unconsciously transfers emotion or desire to a new and present object in some cases the therapist During the course of treatment a patient's projections and the analyst's struggle to divert them can stress distort or contaminate the therapeutic relationship It may lead to various forms of enactment in which the therapist unconsciously colludes with the client in interpretation and treatment or it can lead to projective identification in which the client imposes negative feelings and behaviors onto the therapist further interfering with analysis and intervention Drawing on decades of clinical case experience Robert Waska leads practitioners through the steps of phantasy and transference mechanisms and their ability to increase oppose embrace or neutralize analytic contact Operating from a psychoanalytic perspective he explains how to cope professionally with moments of transference and maintain an objective interpretive stance within the ongoing matrix of projective identification countertransference and enactment Each chapter discusses a wide spectrum of cases and clinical situations describing in detail the processes that invite a playing out of the patient's phantasies and the work required to reestablish balance Refreshingly candid Waska recognizes the imperfections of analysis yet reaffirms its potential for greater psychological integration and stability for the patient He acknowledges the limits and frequent roadblocks of working with difficult patients such as those who suffer from psychic retreat paranoid phantasies and depressive anxieties yet he indicates an effective path for resetting the clinical moment and redirecting the course for treatment **Klein in the Trenches** Robert Waska, 2012-01-01 This book explores the theoretical and technical aspects of

Modern Kleinian Therapy with borderline narcissistic and psychotic patients who are in great psychological conflict and who struggle to find stable footing in the relational world These are the patients who are most taxing and troubling for all therapists as they suffer greatly in life but tend to leave a great deal of suffering in their wake Throughout the book the reader is provided a close up clinical view of what really takes place in psychoanalytic treatment with psychologically disorganized predatory or internally terrorized patients who often can barely begin or maintain a therapeutic relationship as they experience it as emotionally threatening dangerous and unbearable Aspects of Kleinian theory are highlighted through examining very personal verbatim accounts from patients of their internal emotional experiences And Kleinian concepts and

techniques are clinically demonstrated Change is shown to be possible in situations that initially seem unchangeable and acceptance is shown to be reachable in situations that initially seem unbearable While success can be fleeting or unreachable the author shows how to best find the potential for therapeutic success and to learn from the failures or modest achievements so common with more difficult patients In that sense this book serves as inspiration and hope to all therapists working with borderline narcissistic and psychotic patients Love, Hate and Knowledge Taylor & Francis Group,2019-07-31 *Subject Guide to Books in Print* ,1991 **Lectures on Technique by Melanie Klein** Melanie Klein,2016-12-08 Lectures on Technique by Melanie Klein is based on a series of six lectures given by Melanie Klein to students at the British Psychoanalytical Society in 1936 and repeated several times in subsequent years They were discovered in the Melanie Klein Archives housed in the Wellcome Medical Library and have been previously described by Elizabeth Spillius but never before published In this book John Steiner explores what characterises Kleinian Technique how her technique changed over the years what she saw as the correct psychoanalytical attitude and how psychoanalytic technique has changed since Klein's death Melanie Klein who moved to England from Berlin in 1927 became one of the leading psychoanalysts following Freud and making an important contribution in the theory and practice of psychoanalysis A pioneer in child analysis her work remains widely influential throughout the world This book consists of the full text of the original six lectures accompanied by a critical analysis from John Steiner who is known internationally as a leading Kleinian analyst and writer Steiner demonstrates the importance of the lectures in understanding Klein's work and their continued relevance for contemporary psychoanalysis In addition also published for the first time this book includes annotated transcripts of a preserved recording of a seminar Klein held in 1958 with young analysts of the British Psychoanalytical Society In this seminar close to the end of her life many of the points made in the earlier lectures were elaborated upon and brought further up to date in light of developments in Klein's thinking during the intervening years Featuring rare previously unpublished material Lectures on Technique by Melanie Klein provides a new and significant contribution to understanding of the Kleinian paradigm It will be essential reading for all psychoanalysts and psychoanalytic psychotherapists interested in and influenced by Klein's work and legacy Love and Hate in the Analytic Setting Glen O. Gabbard,2000-04-01 Passionate feelings of love and hate are stirred in psychotherapy Paradoxically these passions may either undermine the therapist catastrophically or serve as the crucible in which profound understanding is forged Transferences and countertransferences of love and hate occur on a spectrum that includes unobjectionable negative and positive feelings relatively benign forms of love and hate and more malignant intractable versions of love and hate that present formidable challenges to the therapist Each of these variations is explored in different chapters of this book Gender configurations gender fluidity adolescent transferences the link between love and lust and passive forms of hating are among the topics discussed Most of all the author noted psychoanalyst Glen Gabbard depicts what it is like to be in the eye of the hurricane when passions are aroused

He provides a practical yet theoretically sophisticated guide to the management of love and hate as they are experienced by both patient and therapist *Love and Hate* David Mann, 2013-11-12 Love and hate seem to be the dominant emotions that make the world go round and are a central theme in psychotherapy Love and Hate seeks to answer some important questions about these all consuming passions Many patients seeking psychotherapy feel unlovable or full of rage and hate What is it that interferes with the capacity to experience love This book explores the origins of love and hate from infancy and how they develop through the life cycle It brings together contemporary views about clinical practice on how psychotherapists and analysts work with and think about love and hate in the transference and countertransference and explores how different schools of thought deal with the subject David Mann together with an impressive array of international contributors represent a broad spectrum of psychoanalytic perspectives including Kleinian Jungian Independent Group and Lacanian psychotherapists psychoanalysts and analytical psychologists With emphasis on clinical illustration throughout the writers show how different psychoanalytic schools think about and clinically work with the experience and passions of love and hate It will be invaluable to practitioners and students of psychotherapy psychoanalysis analytical psychology and counselling

**Melanie Klein and Critical Social Theory** C. Fred Alford, 1989-01-11 In this thoughtful and lucid book C Fred Alford shows how the psychoanalytic theory of Melanie Klein can be extended to groups and culture and thus can illuminate issues of social theory and moral philosophy of the sort considered by the Frankfurt School He then applies this expanded theory to the politics of large groups the appeal of works of art and the psychological sources of reason Alford's ideas are interesting and well worked out The book is good reading for the intelligent layman as well as for the Freudian psychoanalyst Elise W Snyder M D Yale Medical School Regularly consigned to the backwaters of psychoanalysis Melanie Klein has never received the recognition she deserves for the magnitude of her contributions to the mainstream of psychoanalytic thought Alford's comprehensive study goes far in redressing this historical injustice not only demonstrating that Klein's formulations provide the undergirding for many of the new directions in psychoanalysis but also persuasively demonstrating the importance of her contributions to social and political theory Jerrold M Post M D Professor of Psychiatry Political Psychology and International Affairs The George Washington University Alford's is an attractive Panglossian formulation argued with considerable panache Alford's book performs a valuable service Martin Stanton Times Higher Education Supplement **Other**

**Banalities** Jon Mills, 2012-07-26 Melanie Klein is one of the few analysts whose body of work has inspired sociologists philosophers religious scholars literary critics and political theorists all attracted to the cross fertilisation of her ideas Other Banalities represents a long over due exploration of her legacy including contributions from acclaimed interdisciplinary scholars and practitioners The contributors situate Klein within the history of the psychoanalytic movement investigate her key theoretical and clinical advances and look at how her thought has informed contemporary perspectives in the behavioural sciences and humanities Topics covered range from Klein's major psychological theories to clinical pathology

child development philosophy sociology politics religion ethics and aesthetics This volume reflects the auspicious future for Kleinian revivalism and demonstrates the broad relevance of Kleinian thought It will be of great interest to scholars and practitioners of psychology psychoanalysis and psychotherapy

## **Love Hate And Knowledge The Kleinian Method And The Future Of Psychoanalysis Introduction**

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Love Hate And Knowledge The Kleinian Method And The Future Of Psychoanalysis PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making

research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Love Hate And Knowledge The Kleinian Method And The Future Of Psychoanalysis PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Love Hate And Knowledge The Kleinian Method And The Future Of Psychoanalysis free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

### **FAQs About Love Hate And Knowledge The Kleinian Method And The Future Of Psychoanalysis Books**

1. Where can I buy Love Hate And Knowledge The Kleinian Method And The Future Of Psychoanalysis books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Love Hate And Knowledge The Kleinian Method And The Future Of Psychoanalysis book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.

4. How do I take care of Love Hate And Knowledge The Kleinian Method And The Future Of Psychoanalysis books?  
Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Love Hate And Knowledge The Kleinian Method And The Future Of Psychoanalysis audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Love Hate And Knowledge The Kleinian Method And The Future Of Psychoanalysis books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
