GPS: Finding Direction on Your Faith and Life Journey John Strommen,2024-07-31 What is the point of it all In the postmodern world the meaning and direction of human existence is increasingly a question mark with few satisfying answers forthcoming People of faith are not immune to such questions as they struggle to meaningfully connect their faith to their daily lives In GPS Finding Direction on Your Faith and Life Journey Strommen makes the case that much of this existential struggle is born of an anthropocentric worldview that has banished God to the margins leaving humans with the futile task of playing God as they attempt to create their own meaning purpose and identity Drawing on core Christian understandings through a Lutheran lens the author asserts that life giving meaning and purpose are gifts given by God alone who frees people from their self justifying ways to take an inventory of their many gifts and participate in a new creation where love of neighbor is the social currency It is the core theme of this book that God is in fact present deeply invested and at work in the everyday world calling everyone daily to partner with God to co create a more trustworthy loving and hopeful world

The Dream, the Journey, Eternity, and God Sara Landon, Mike Dooley, 2023-06-13 Expand beyond the perceived limitations of the human experience with guidance from The Council, a collective of ascended masters channeled by metaphysical teacher Sara Landon in conversation with Mike Dooley. In this powerful narrative, Mike Dooley engages in conversation with Sara Landon as she channels The Council. He explores the staggering wisdom of The Council to understand the very reason for life as we know it. The Dream: how to wisely navigate everything we experience between life and death. The Journey: how all of this fits within the context of reality. Eternity and our intimate relationship to the Source of our lives and all things God. The Council answers complex big picture questions like: To what degree can we transcend life's illusions without destroying the fabric of our adventure? And are there other planetary beings physically among us with astonishing clarity. In The Council's words: A new path forward is emerging and expanded possibilities for humankind are becoming the new way of living, loving, leading, and thriving in your awakening world. It is time for the leaders and way showers of this Great Awakening to fully step into their power and guide the way forward. We bring forth the wisdom to support you in living your highest potential during this spectacular time.

The Journey toward God in Augustine's Confessions Carl G. Vaught, 2012-02-01 This detailed discussion of Augustine's journey toward God as it is described in the first six books of the Confessions begins with infancy, moves through childhood and adolescence, and culminates in youthful maturity. In the first stage, Augustine deals with the problems of original innocence and sin; in the second, he addresses a pear-stealing episode that recapitulates the theft of the forbidden fruit in the Garden of Eden and confronts the problem of sexuality with which he wrestles until his conversion; and in the third, he turns toward philosophy only to be captivated successively by dualism, skepticism, and Catholicism. Augustine's journey exhibits temporal, spatial, and eternal dimensions and combines his head and his heart in equal proportions. Vaught shows that the Confessions should be interpreted as an attempt to address the person as a whole rather than through our intellectual or volitional dimensions exclusively. The passion with which Augustine describes the end of his journey is reflected best in a sentence found in the opening chapter of the text: "You have made us for yourself and our heart is restless until it rests in you." Interpreting this statement, Carl G. Vaught presents a more emphatically Christian Augustine than is usually found in contemporary scholarship. Refusing to view Augustine in an exclusively Neoplatonic framework, Vaught holds that Augustine baptizes Plotinus just as successfully as Aquinas baptizes Aristotle. It cannot be denied that Ancient philosophy influences Augustine decisively. Nevertheless, he holds the experiential and the theoretical dimensions of his journey toward
