Concentration is a choice It excludes all except its object of concentration it is a narrowing If you are walking on the street you will have to narrow your consciousness in order to walk You cannot ordinarily be aware of all that is happening because if you are aware of everything that is happening you will become unfocused So concentration is a need Concentration of the mind is a need in order to live to survive and exist That is why every culture in its own way tries to narrow the mind of the child **Don't Be Afraid of Loving Yourself: The Art of Loving Yourself According to Osho** Alden Clamor,2024-09-10
