Manual de Historia Política y Social de España (1808-2018) Miguel Martorell, 2021-06-24 Un compendio sobre el desarrollo histórico y político de España que nos lleva a conocer el pasado para comprender el presente. Durante los dos últimos siglos, España ha sufrido un gran número de dificultades y transformaciones hasta alcanzar cierto consenso social no exento de inestabilidad. Ahora que todo indica que afrontamos una nueva etapa de cambios, parece más útil y necesario tener una amplia perspectiva del proceso histórico que nos ha llevado al momento actual. Esta obra no pretende abrir debates ni revisar interpretaciones historiográficas sino que es una narración que recurre a la política como hilo conductor para abordar también la evolución económica y social vivida durante un largo periodo histórico precedido de guerras revolucionarias monárquicas, repúblicas, dictaduras y democracias de todo tipo.

*Modern Spain* Pamela Beth Radcliff, 2017-05-08 Modern Spain 1808 to the Present is a comprehensive overview of Spanish history from the Napoleonic era to the present day. Places a large emphasis on Spain's place within broader European and global history. The chronological political narrative is enriched by separate chapters on long term economic, social and cultural developments. This presentation of modern Spanish history incorporates the latest thinking on key issues of modernity, social movements, nationalism, democratization and democracy.

**The Penguin History of Modern Spain** Nigel Townson, 2023-04-13 The best account in a single volume of Spain since 1898, exemplary for concision and for accuracy in the use of language as well as for equanimity and generosity of spirit. Felipe Fernández-Armesto TLS A revelatory new history of Spain from the late nineteenth century to the twenty-first. Spain is different: proclaimed the Franco regime in the 1940s keen to attract foreign tourists. For the most part the world has agreed. From the end of its glorious empire in 1898 to the dazzling World Cup victory in 2010 the prevailing narrative of modern Spain has emphasized the country's peculiarity. Generations of historians and readers have been transfixed by its implosion into civil war in the 1930s, seduced by the valiant struggle of the republicans horrified by the barbarity of the dictatorship which followed. Franco's Spain was seen as an anomaly in the midst of prosperous and permissive post-war Western Europe. But as Nigel Townson shows in this richly layered and exciting new history beyond the familiar image there lies a radically different history of Spain of a dynamic and progressive society that

fits firmly into the narrative of modern Europe Drawing on over forty years of post Franco scholarship The Penguin History of Modern Spain transforms our knowledge of Spain and its politics society economics and culture It interweaves cutting edge Spanish led research never before published in English and testimonies of peasants housewives soldiers workers entrepreneurs feminists and worker priests for an original and surprising portrait which allows us at last to discern the country behind the veil of propaganda and romantic myths which still endure today [Manual de Historia Política y Social de España](#),
