Building Sustainable Human Resources Management Practices for Businesses Popescu, Cristina Raluca Gh.,Martínez-Falcó, Javier,Marco-Lajara, Bartolomé,Sánchez-García, Eduardo,Millán-Tudela, Luis A.,2024-03-22 The pressing need for environmental preservation has never been more evident placing companies at the forefront of the sustainability movement As the global community grapples with the ever escalating environmental crisis the

imperative to preserve our planet has transitioned from an ethical consideration to a business necessity. Companies now face an unprecedented challenge not only must they adapt to more sustainable practices but must also fully embrace them across all aspects of their operations including at the employee level. At the heart of this transformative journey lies human resource management, a pivotal lever for shaping a sustainable and environmentally responsible future for organizations. *Building Sustainable Human Resources Management Practices for Businesses* is a tool for academic scholars and discerning readers who seek to understand and address this urgent issue. This book goes beyond exploration offering a deeply insightful examination of human resource management's role in fostering sustainability within organizations. By weaving the principles of sustainability with the intricacies of talent management, the book provides readers with the essential insights, practical tools, and real-world examples necessary to navigate the path toward a more eco-conscious approach to HR. From eco-friendly hiring practices to the cultivation of a green organizational culture, each chapter delivers actionable guidance and inspires change. Simultaneously, it delves into the challenges and future prospects of green HR management, exploring how technology, diversity, and inclusion, and collaboration with key stakeholders can usher in a greener, more sustainable economy.

Proceedings of the 20th European Conference on Management, Leadership and Governance Mafalda Patuleia, 2024 **Proceedings of the International Conference Theory and Applications in the Knowledge Economy TAKE 2017** Blazenka Knezevic, Gaby Neumann, 2017-07-08

Foreword: A famous Portuguese Poet once said around one hundred years ago, before I was born, all the words that should save the Humanity had already been written; the only thing that was missing was to save Humanity. Fast forward to the 21st century: services-led and knowledge-based economy, and we have myriads of theoretical studies about the decisive assets, namely intangibles. Those analyses are made in several perspectives, namely Human Resources, Knowledge Management, Intellectual Capital, and also many sectorial perspectives like Trade, Economics, Logistics, Social Policy, etc. However, today the question about the applicability of all these studies remains unsolved. So, it is like many of the words that will save the Knowledge Economy have already been written; all we need is to save the Knowledge Economy. Or is it not? The idea behind TAKE Conference was to provide a multidisciplinary forum in which those multiple perspectives will come together. We believe it is a fruitful operation, and we intend to continue the exercise in the future. The problem of the relation between theory and practice in the knowledge economy is getting more important and not less important with the development of the BRICS and other nations. TAKE main question will be one of the problems of the 21st century. Following the promising start of TAKE 2016 in Aveiro, Portugal, TAKE 2017 was organized by the Faculty of Economics of Zagreb University around Prof. Blazenka Knezevic. I would like to thank her and her team for the massive effort in putting TAKE 2017 together. It will be a very nice and memorable conference. I would like also to thank the 5 keynotes, the special sessions, and workshop organizers, the authors of the 60 papers and 5 posters, the stream leaders, the reviewers, and the sponsors for the efforts. And to the 90 participants from 20 countries: Austria, Bosnia Herzegovina, Canada, Croatia, Germany,

Hong Kong Hungary Netherlands Mexico Portugal Poland Romania Russia South Africa Serbia Slovakia Spain Thailand United Kingdom United States A special word to Prof Gaby Neumann from Wildau who organized the Proceedings Let us make TAKE 2017 a great occasion and help save the knowledge economy a bit Eduardo Tom Conference Chair Zagreb July 2017
