La Naveterra Como Construir La Suya Michael Reynolds, 2017-01-20

Earthships son un tipo de edificación autosuficiente que se mantiene al margen de las redes de suministros energéticos y que se considera como un edificio vivo que interactúa con los recursos naturales de la tierra para proporcionar un refugio confortable que regula de forma pasiva su temperatura interior sin necesidad de utilizar ningún combustible fósil. Captan su propio suministro de agua y al mismo tiempo reutiliza cada gota recolectada cuatro veces, hace un tratamiento de sus propias aguas residuales y permite el cultivo y crecimiento de comida en su interior. Este libro ofrece a los lectores la filosofía básica detrás del diseño de los earthships y cómo estos edificios interactúan con la tierra para crear los sistemas que los caracterizan. Por otra parte, "Earthship Volumen Uno" ofrece a los lectores instrucciones sobre cómo elegir el emplazamiento de su futura Earthship y también en la forma de reproducir muchos de los materiales básicos que se utilizan para construir uno de estos edificios. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and gripping novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
