scholars charts a whole new territory in genre film criticism Rather than assuming that genres are self evident categories the contributors offer innovative ways to think about types of films and patterns within films in a historical context Challenging familiar attitudes the essays offer new conceptual frameworks and a fresh look at how popular culture functions in American society The range of essays is exceptional from David J Russell s insights into the horror genre to Carol J Clover s provocative take on trial films to Leo Braudy s argument for the subject of nature as a genre Also included are essays on melodrama race film noir and the industrial context of genre production The contributors confront the poststructuralist critique of genre head on together they are certain to shape future debates concerning the viability and vitality of genre in studying American cinema Film Genre 2000 Wheeler Winston Dixon, 2000-02-24 Covering over 100 feature films in critical depth and detail this reader provides an excellent introduction to American genre filmmaking since 1990 These previously unpublished essays by prominent film scholars each address a different film genre from science fiction to romance to 90s noir as well as the ways in which genre filmmaking as a whole has been changed by the new technologies and market forces that are shaping the

future of cinema One of the peculiar aspects of recent American genre filmmaking is its apparent facelessness its desire to subsume itself into the larger framework of genre cinema and not to identify each film as a unique exemplar What this book argues among other things is that the implicit message in contemporary genre films is rarely that which is signified by a film's external or even internal narrative structure What drives the thematic and structural concerns of recent genre cinema is the recovery of initial investment made all the more pressing by the fact that each film released theatrically now represents an investment of many millions of dollars For better or worse American genre cinema dominates the globe The Hollywood genre film has become one of America's most prolific and profitable social exports These contemporary genre films all seek to further the values of their nation of origin as they journey through the world on film videotape DVDs and television it is the pervasive influence and numerous subjects of these films that are analyzed here Contributors include Heather Addison Chuck Berg Ton Conley David M Desser Wheeler Winston Dixon Marc Miller Catherine Preston Stephen Prince David Sanjek Mark A Reid John Tibbets Jim Welsh and Ron Wilson

**Sisters on Screen** Eva Rueschmann, 2000 Perhaps the most vital emotionally complex and lasting attachments between women occur between sisters Whether as best friends or antagonists sisters remain entangled in a common tapestry of mutual experience and remembrance family and history according to author Eva Rueschmann Although many of the women centered films in the last three decades depict the relationship between sisters as a pivotal aspect of a character's psychological development the now substantial body of feminist film criticism has not taken up this theme in any sustained way In *Sisters on Screen* Eva Rueschmann explores the sister bond in a wide range of modernist feature films that depart from the conventional cinematic rendering of women's lives Drawing on the psychoanalytic concept of intersubjectivity this book emphasizes the role of a woman's relationship and inner world in her continual quest for self knowledge Offering an original and absorbing perspective on women's filmic images *Sisters on Screen* reveals how post 1960s cinema has articulated the ways in which biological sisters negotiate mutuality and difference co author family histories and profoundly shape each other's political and personal identities The films in focus question standards of femininity as they probe into memory fantasy and desire bringing women's realities into view in the process Structuring her discussion in terms of life cycle stages adolescence and adulthood Rueschmann offers an in depth discussion of such films as *An Angel at My Table* *Double Happiness* *Eve's Bayou* *Gas Food Lodging* *Heavenly Creatures* *Little Women* *Marianne and Julianne* *Paura e amore* *Peppermint Soda* *The Silence* *Sweetie* and *Welcome to the Dollhouse* Rueschmann draws upon the works of filmmakers from the 1970s to the 1990s Some of the directors included in her study are Allison Anders Gillian Armstrong Ingmar Bergman Jane Campion Peter Jackson Mina Shum Diane Kurys Kasi Lemmons Todd Solondz and Margarethe von Trotta *Sisters on Screen* will appeal to anyone interested in women's studies film studies psychology psychoanalytic readings of cinema women directors and international modern film Author note Eva Rueschmann is Assistant Professor of Cultural Studies at Hampshire College

**American Film Cycles** Amanda Ann Klein, 2011-12-01 A series of movies that share images characters settings plots or themes film cycles have been an industrial strategy since the beginning of cinema While some have viewed them as subgenres mini genres or nascent film genres Amanda Ann Klein argues that film cycles are an entity in their own right and a subject worthy of their own study She posits that film cycles retain the marks of their historical economic and generic contexts and therefore can reveal much about the state of contemporary politics prevalent social ideologies aesthetic trends

popular desires and anxieties American Film Cycles presents a series of case studies of successful film cycles including the melodramatic gangster films of the 1920s the 1930s Dead End Kids cycle the 1950s juvenile delinquent teenpic cycle and the 1990s ghetto action cycle Klein situates these films in several historical trajectories the Progressive movement of the 1910s and 1920s the beginnings of America's involvement in World War II the birth of the teenager in the 1950s and the drug and gangbanger crises of the early 1990s She shows how filmmakers audiences film reviewers advertisements and cultural discourses interact with and have an impact on the film texts Her findings illustrate the utility of the film cycle in broadening our understanding of established film genres articulating and building upon beliefs about contemporary social problems shaping and disseminating deviant subcultures and exploiting and reflecting upon racial and political upheaval

**Historical Film** Jonathan Stubbs, 2013-03-28 Although precise definitions have not been agreed on historical cinema tends to cut across existing genre categories and establishes an intimidatingly large group of films In recent years a lively body of work has developed around historical cinema much of it proposing valuable new ways to consider the relationship between cinematic and historical representation However only a small proportion of this writing has paid attention to the issue of genre In order to counter this omission this book combines a critical analysis of the Hollywood historical film with an examination of its generic dimensions and a history of its development since the silent period *Historical Film A Critical Introduction* is concerned not simply with the formal properties of the films at hand but also the ways in which they have been promoted interpreted and discussed in relation to their engagement with the past
